The years 1676 and 1774 marked two turning points in the social and legal treatment of madness in England. In 1676, London's Bethlehem Hospital expanded in grand new premises, and in 1774

the Madhouses Act attempted to limit confinement of the insane. This study explores almost a century of the English history of madness through the texts of five poets who were considered mentally troubled according to contemporary standards: James Carkesse, Anne Finch, William Collins, Christopher Smart and William Cowper were hospitalized, sequestered or exiled from society. Their works cope with representations of insanity, medical definitions or practices, imputed illness, and the judging eye of the 'sane other', shedding new light on the dis/continuities in the notion of madness of this period.

includes four essays written over a twenty-year span that present a comprehensive and original account of legal reasoning as done by judges, lawyers, and legal academics. In a work that is likely to become the definitive introduction to critical legal theory by a leading theorist of the critical legal studies movement, the author has been the first to put together in a systematic way the insights of American legal realism with continental phenomenology and semiotics. His version of legal reasoning presents it as "work in a medium" deploying a set of "argument-bites" analogous to the words of a language. The result is simultaneous freedom and constraint. Kennedy then turns his approach to a critique of current European legal theory, with an essay on Hart and Kelsen and another on the approach of the European jurists pre-occupied with "coherence" and with the "European social model" in the current

Questioning the psychiatric construction of mental distress as 'illness', and challenging existing studies of media stigmatization, Stephen Harper argues that today's media images of mental distress are often sympathetic, yet tend to reproduce the sexist, classist, racist and individualist ideologies of contemporary capitalism.

Framed uses fin de siècle British crime narrative to pose a highly interesting question: why do female criminal characters tend to be alluring and appealing while fictional male criminals of the era are unsympathetic or even grotesque? In this elegantly argued study,

Elizabeth Carolyn Miller addresses this question, examining popular literary and cinematic culture from roughly 1880 to 1914 to shed light on an otherwise overlooked social and cultural type: the conspicuously glamorous New Woman criminal. In so doing, she breaks with the many Foucauldian studies of crime to emphasize the genuinely subversive aspects of these popular female figures.

Drawing on a rich body of archival material, Miller argues that the New Woman Criminal exploited iconic elements of late nineteenth- and early twentieth-century commodity culture, including cosmetics and clothing, to fashion an illicit identity that enabled her to subvert legal authority in both the public and the private spheres. "This is a truly extraordinary argument, one that will forever alter our view of turn-of-the-century literary culture, and Miller has demonstrated it with an enrapturing series of readings of fictional and filmic

criminal figures. In the process, she has filled a gap between feminist studies of the New Woman of the 1890s and more gender-neutral studies of early twentieth-century literary and social change. Her book offers an extraordinarily important new way to think about the changing shape of political culture at the turn of the century." ---John Kucich, Professor of English, Rutgers University

"Given the intellectual adventurousness of these chapters, the rich material that the author has brought to bear, and its combination of archival depth and disciplinary range, any reader of this remarkable book will be amply rewarded." ---Jonathan Freedman, Professor of English and American Culture, University of Michigan Elizabeth Carolyn Miller is Assistant Professor of English at the University of California, Davis. digitalculturebooks is an imprint of the University of Michigan and the Scholarly Publishing Office of the
