Amazon.com: Beowulf: An Introduction to the Study of the ...

The long Old English heroic poem known to modern audiences as Beowulf is probably the most famous product of the rich literary tradition of Anglo-Saxon England (which flourished in the period c. 650-1100). The poem tells the story of Beowulf, a heroic warrior, and later king, of the Geats (a possibly mythical Scandinavian tribe).

An Introduction to Beowulf | Great Writers Inspire

This is one of the most comprehensive studies of Beowulf to ever be published and the title is a little modest because this is far from a beginners introduction to Beowulf, what it actually is is a huge study of the problems that face the academic who is already well versed in Beowulfian studies.

An Introduction to Beowulf: Language and Poetics ...

The story which the MS tells us may be summarized thus: Beowulf, a prince of the Geatas, voyages to Heorot, the hall of Hrothgar, king of the Danes; there he destroys a monster Grendel, who for twelve years has haunted the hall by night and slain all he found therein.

?Beowulf: An Introduction to the Study of the Poem With a ...

Beowulf is the longest epic poem in Old English, the language spoken in Anglo-Saxon England before the Norman Conquest. More than 3,000 lines long, Beowulf relates the exploits of its eponymous hero, and his successive battles with a monster named Grendel, with Grendel's revengeful mother, and with a dragon which was guarding a hoard of treasure.

Beowulf—The British Library

Introduction. The greatest honor and the life-time achievement for a hero are to meet a challenging death for the cause for which he strives throughout his life. He is great in victory and glorious in defeat. Rather, victory and defeat are like the alternative beats of the same heart for him. Beowulf is a heroic poem in which evil constantly challenges good, morality is repeatedly tested and violent confrontations happen on a recurring basis.

Structure of the Poem "Beowulf"—SummaryStory

Beowulf, heroic poem, the highest achievement of Old English literature and the earliest European vernacular epic. It deals with events of the early 6th century and is believed to have been composed between 700 and 750.

Beowulf | Summary, Characters, Analysis, & Facts | Britannica

There is. It's Beowulf. Beowulf, a great and glorious hero arrives from over the sea, clad in a shirt of shining mail, ready to do barehanded battle with a demonic monster. And if that leaves you wanting more, Beowulf is ready to deliver. Once the demonic monster bites the dust, his bigger, badder, even more demonic mom arrives to avenge her son's death.

Beowulf Study Guide | Shmoop

Introduction and Background Beowulf, a poem written by an anonymous Anglo-Saxon poet, is considered one of the most important works in all of English literature. However, it was almost a forgotten work. Written in the Anglo-Saxon era, only one Beowulf manuscript survived into modern times, and it was almost destroyed in a fire in the 1700s.

Beowulf Introduction and Background—StudyMode

Introduction. The epic story's main character Beowulf is a warrior. Beowulf is a young warrior among his people the Geats. He fights with some fictitious character such as Grendel and the dragon. Throughout the epic poem, Beowulf is displayed as possessing battle-hardened personality as an epic conqueror.

Beowulf & Other Stories was first conceived in the belief that the study of Old English – and its close cousins, Old Icelandic and Anglo-Norman – can be a genuine delight, covering a period as replete with wonder, creativity and magic as any other in literature. Now in a fully revised second edition, the collection of essays written by leading academics in the field is set to build upon its established reputation as the standard introduction to the literatures of the time. Beowulf & Other Stories captures the fire and bloodlust of the great epic, Beowulf, and the sophistication and eroticism of the Exeter Riddles. Fresh interpretations give new life to the spiritual ecstasy of The Seafarer and to the imaginative dexterity of The Dream of the Rood, andprovide the student and general reader with all they might need to explore and enjoy this complex but rewarding field. The book sheds light, too, on the shadowy contexts of the period, with suggestive and highly readable essays on matters ranging from the dynamism of the Viking Age to Anglo-Saxon input into The Lord of the Rings, from the great religious prose works to the transition from Old to Middle English. It also branches out into related traditions, with expert introductions to the Icelandic Sagas, Viking Religion and Norse Mythology. Peter S. Baker provides an outstanding guide to taking your first steps in the Old English language, while David Crystal provides a crisp linguistic overview of the entire period. With a new chapter by Mike Bintley on Anglo-Saxon archaeology and a revised chapter by Stewart Brookes on the prose writers of the English Benedictine Reform, this updated second edition will be essential reading for students of the period.

<p>Provides background information on 7th century England to heighten the understanding and pleasure of readers about to study Beowulf.</p>
---

The unique MS of Beowulf may be, and if possible should be, seen by the student in the British Museum. It is a good specimen of the elegant script of Anglo-Saxon times: "a book got up with some care," as if intended for the library of a nobleman or of a monastery. Yet this MS is removed from the date when the poem was composed and from the events which it narrates (so far as these events are historic at all) by periods of time approximately equal to those which separate us from the time when Shakespeare's Henry V was written, and when the battle of Agincourt was fought. To try to penetrate the darkness of the five centuries which lie behind the extant MS by fitting together such fragments of illustrative information as can be obtained, and by using the imagination to bridge the gaps, has been the business of three generations of scholars distributed among the ten nations of Germanic speech. A whole library has been written around our poem, and the result is that this book cannot be as simple as either writer or reader might have wished. The story which the MS tells us may be summarized thus: Beowulf, a prince of the Geatas, voyages to Heorot, the hall of Hrothgar, king of the Danes; there he destroys a monster Grendel, who for twelve years has haunted the hall by night and slain all he found therein. When Grendel's mother in revenge makes an attack on the hall, Beowulf seeks her out and kills her also in her home beneath the waters. He then returns to his land with honour and is rewarded by his king Hygelac. Ultimately he himself becomes king of the Geatas, and fifty years later slays a dragon and is slain by it. The poem closes with an account of the funeral rites. Fantastic as these stories are, they are depicted against a background of what appears to be fact. Incidentally, and in a number of digressions, we receive much information about the Geatas, Swedes and Danes: all which information has an appearance of historic accuracy, and in some cases can be proved, from external evidence, to be historically accurate.

The story of one man's triumph over a legendary monster, Beowulf marks the beginning of Anglo-Saxon literature as we know it today. This Enriched Classic includes: • A concise introduction that gives readers important background information • A timeline of significant events that provides the book's historical context • An outline of key themes and plot points to help readers form their own interpretations • Detailed explanatory notes • Critical analysis and modern perspectives on the work • Discussion questions to promote lively classroom and book group interaction • A list of recommended related books and films to broaden the reader's experience Enriched Classics offer readers affordable editions of great works of literature enhanced by helpful notes and insightful commentary. The scholarship provided in Enriched Classics enables readers to appreciate, understand, and enjoy the world's finest books to their full potential. Series edited by Cynthia Brantley Johnson

A retelling in graphic format of the Anglo-Saxon epic about the heroic efforts of Beowulf, son of Edgetheow, to save the people of Heorot hall from the terrible monster, Grendel.

<p>Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.</p>
