Wit'ch War is the dazzling third volume in the epic saga of The Banned and the Banished. In her hands, the young wit'ch Elena holds the awesome energies of blood magick—and more. For the fate of all Alasea hinges on her recovery of the Blood Diary, a potent talisman forged five hundred years ago, then locked away behind wards too strong for any mage to break. But only with the secrets recorded in its pages can Elena defeat the evil magicks of the Dark Lord. The challenge? The Diary lies hidden in A'loa Glen, the fabled city that belongs to Shorkan, chief lieutenant of the Dark Lord, and his fearsome army. Now, with the aid of the ocean-dwelling Sy-wen and her great dragon, Elena prepares a desperate invasion of A'loa Glen. At her side stands the one-armed warrior Er'ril, her faithful protector and the only man who knows how to unlock the wards surrounding the Blood Diary—a man who also happens to be the brother of the dreaded Shorkan. Meanwhile, Elena's brother, whose magick brings him prophetic dreams, has glimpsed a future in which Elena falls by the deadly sword of . . . Er'ril. But his visions do not always come true. How can he act against his sister's trusted guardian on the basis of a future betrayal that may never happen? For Elena's sake, and for the sake of all Alasea, how can he afford not to?

man in the jester's suit claims to be a spy. And he comes fresh from the foul fortress of Blackhall itself, where the Dark Lord dwells. There he uncovered things that spell certain doom— for a final Weirgate remains, the most potent one of all. And with it, in just one moon's time, the Dark Lord will avenge his earlier defeat, destroying the heart of the land and ushering in a reign of evil without end. Only Elena, with the awesome magicks of the Blood Diary, has the power to stop him. Blackhall is all but impregnable. And according to Quail, the Weirgate is well hidden, in a place known only to the Dark Lord himself. Thus begins a desperate quest like no other. Along the way, many questions will be answered and illusions will be smashed. "Will put Allen in the company of writers such as James Joyce, August Wilson, and Ralph Ellison." —The Philadelphia Inquirer When it was first published fifteen years ago, Jeffery Renard Allen's debut novel, *Rails Under My Back*, earned its author comparisons to some of the giants of twentieth-century modernism. The publication of Allen's equally ambitious second novel, *Song of the Shank*, cemented those lofty claims. Now, the book that established his reputation is being restored to print in its first Graywolf Press edition. Together, the two novels stand as

significant achievements of twenty-first-century literature. *Rails Under My Back* is an epic that tracks the interwoven lives of two brothers, Lucius and John Jones, who are married to two sisters, Gracie and Sheila McShan. For them, their parents, and their children, life is always full of departures; someone is always fleeing town and leaving the remaining family to suffer the often dramatic, sometimes tragic consequences. The multiple effects of the comings and goings are devastating: These are the almost mythic expression of the African American experience in the half century that followed the Second World War. The story ranges, as the characters do, from the city, which is somewhat like both New York and Chicago, to Memphis, to the West, and to many "inner" and "outer" locales. *Rails Under My Back* is a multifaceted, brilliantly colored, intensely musical novel that pulses with urgency and originality.

This remarkable and monumental book at last provides a comprehensive answer to the age-old riddle of whether there are only a small number of 'basic stories' in the world. Using a wealth of examples, from ancient myths and folk tales via the plays and novels of great literature to the popular movies and TV soap operas of today, it shows that there are seven archetypal themes which recur throughout every kind of storytelling. But this is only the prelude to an investigation into how and why we are 'programmed' to imagine stories in these ways, and how they relate to the inmost patterns of human psychology. Drawing on a vast array of examples, from Proust to detective stories, from the Marquis de Sade to E.T., Christopher Booker

then leads us through the extraordinary changes in the nature of storytelling over the past 200 years, and why so many stories have 'lost the plot' by losing touch with their underlying archetypal purpose. Booker analyses why evolution has given us the need to tell stories and illustrates how storytelling has provided a uniquely revealing mirror to mankind's psychological development over the past 5000 years. This seminal book opens up in an entirely new way our understanding of the real purpose storytelling plays in our lives, and will be a talking point for years to come.

Bill Greenstone, an Englishman living in Berlin, has to decide whether to move to Cracow to be near Marta Szadkowska, an expert on Japanese art, or to stay in Berlin, to be comforted by Uta Schmidtbauer, his Marxist-Leninist cleaning lady. In Berlin, he discovers that from the house in which he lives, in the years 1942 - 44 twenty-one people were deported to the East, eleven of them on one day to Auschwitz. In Cracow, at the Remuh synagogue, he meets Lewenherz Maks, from whom he hears the story of the destruction of Jewish Kazimierz. And finds the courage to admit that Siemens, for whom he has worked for the last twenty years, had been intimately involved in the Nazi crimes against humanity. Through these painful confrontations, he is able at last to look clearly at his own loss, the death of his son, and to decide his future.

This is a critical study of the great British man of letters G.K. Chesterton, devoted

to the novels, stories and essays that explore the darker fringes of his wild imagination. "Everything is different in the dark," wrote Chesterton; "perhaps you don't know how terrible a truth that is." Chesterton's use of the theme of "gargoyles" provides the thematic structure of the book. It covers the detective stories of Father Brown and others, the locked rooms and miracle crimes in his writing, his status as a science fiction writer, and the riddles and paradoxes of three works--Job, The Man Who Was Thursday, and the play The Surprise. This volume also includes an interlude about Chesterton and Jorge Luis Borges and a robust appendix including interviews about the formation of Ignatius Press's Collected Chesterton.
