A descoberta do caminho marítimo para a Índia é a designação comum para a primeira viagem realizada da Europa à Índia pelo oceano Atlântico, feita sob o comando do navegador português Vasco da Gama durante o reinado do rei D. Manuel I, entre 1497-1498.Uma das mais notáveis viagens da era dos Descobrimentos, consolidou a presença marítima e o domínio das rotas comerciais pelos ...

From its earliest manifestations on the street corners of nineteenth-century Buenos Aires to its ascendancy as a global cultural form, tango has continually exceeded the confines of the dance floor or the music hall. In Tango Lessons, scholars from Latin America and the United States explore tango's enduring vitality. The interdisciplinary group of contributors—including specialists in dance, music, anthropology, linguistics, literature, film, and fine art—take up a broad range of topics. Among these are the productive tensions between tradition and experimentation in tango nuevo, representations of tango in film and contemporary art, and the role of tango in the imagination of Jorge Luis Borges. Taken together, the essays show that tango provides a kaleidoscopic perspective on Argentina's social, cultural, and intellectual history from the late nineteenth to the early twenty-first centuries. Contributors. Esteban Buch, Oscar Conde, Antonio Gómez, Morgan James Luker, Carolyn Merritt, Marilyn G. Miller, Fernando Rosenberg, Alejandro Sustit

A selection of the best presentations given at the 3rd International Linguistic Landscape Workshop, which took place at the University of Strasbourg in May 2010.

Introducción a la lingüística hispánica actual is the ideal introduction to Spanish linguistics for all undergraduate and postgraduate students of Spanish. No prior knowledge of linguistics is assumed as the book takes you step-by-step through all the main subfields of linguistics, both theoretical and applied. Phonology, morphology, syntax, semantics, pragmatics, second language acquisition, history of the Spanish language, dialectology and sociolinguistics are concisely and accurately outlined providing a comprehensive foundation in the field. A comprehensive companion website provides a wealth of additional resources including further exercises to reinforce the material covered in the book, extra examples to clarify the most difficult concepts, extensive audio clips which reproduce the sounds of phonemes and allophones and sonograms. Written in a clear and accessible manner with extensive auxiliary materials, Introducción a la lingüística hispánica actual has been specially designed for students of Spanish with little or no linguistic background who need to understand the key concepts and constructs of Spanish linguistics.

This book is the first of a new series which will present the proceedings of the newly established Nestlé Nutrition Workshop Series: Clinical & Performance Programme aimed at adult nutrition. Undernutrition is a common phenomenon in elderly people, and malnutrition reaches significant levels in those being in hospital, nursing homes or home care programs. Consequences of malnutrition often go unrecognised owing to the lack of specific validated instruments to assess nutritional status in frail elderly persons. The Mini Nutritional Assessment (MNA) provides a single, rapid assessment of nutritional status in the elderly of different degrees of independence, allowing the prevalence of protein-energy malnutrition to be determined and to evaluate the efficacy of nutritional intervention and strategies. Easy, quick and economical to perform, it enables staff to check the nutritional status of elderly people when they enter hospitals or institutions and to monitor changes occurring during their stay. Moreover, the MNA is predictive of the cost of care and length of stay in hospital. This publication will be of immense assistance to heads of geriatric teaching units, teachers in nutrition, clinicians general practitioners and dieticians, enabling them to better detect, recognise and start treatment of malnutrition in the elderly.

This last volume in a trilogy published on the occasion of the 80th birthday of Rodolfo Stavenhagen, professor emeritus of El Colegio de Mexico, includes eight essays on Peasants, Culture and Indigenous Peoples: Critical Issues; Basic Needs, Peasants and the Strategy for Rural Development (1976); Cultural Rights: a Social Science Perspective (1998); The Structure of Injustices: Poverty, Marginality, Exclusion and Human Rights (2000); What Kind of Yarn? From Color Line to Multicolored Hammock: Reflections on Racism and Public Policy (2001); The United Nations Special Rapporteur on the Rights of Indigenous Peoples (2012); A Report on the Human Rights Situation of Indigenous Peoples in Asia (2007); Report on the Impact of Megaprojects on the Rights of Indigenous Peoples (2003); and Study Regarding the Best Practices to Implement the Recommendations of the Special Rapporteur (2007). These texts address human rights issues, especially those that arose when Stavenhagen was serving as United Nations special rapporteur on the rights of indigenous peoples.

When Henri Lefebvre published The Urban Revolution in 1970, he sketched a research itinerary on the emerging tendency towards planetary urbanization. Today, when this tendency has become reality, Lefebvre’s ideas on everyday life, production of space, rhythmanalysis and the right to the city are indispensable for the understanding of urbanization processes at every scale of social practice. This volume is the first to develop Lefebvre’s concepts in social research and architecture by focusing on urban conjunctures in Barcelona, Belgrade, Berlin, Budapest, Copenhagen, Dhaka, Hong Kong, London, New Orleans, Nowa Huta, Paris, Toronto, São Paulo, Sarajevo, as well as in Mexico and Switzerland. With contributions by historians and theorists of architecture and urbanism, geographers, sociologists, political and cultural scientists, Urban Revolution Now reveals the multiplicity of processes of urbanization and the variety of their patterns and actors around the globe.

The search for the origins of a forgotten sacred poem is at the heart of this novel about a modern Brazilian poet of Lebanese descent who travels to the Middle East to uncover the truth about what he believes may be part of a group of pre-Islamic poems. Following the model of A Thousand and One Nights, the novel is a quest through time and language that recounts many of the poet's experiences as he travels through the deserts of Arabia in search of a beautiful woman whose beauty remains hidden until the circularity of the riddle of Qaf is solved.

Growing up in a half-white, half-brown town and family in South Texas, Stephanie Elizondo Griest struggled with her cultural identity. Upon turning thirty, she ventured to her mother's native Mexico to do some root-searching and stumbled upon a social movement that shook the nation to its core. Mexican Enough chronicles her adventures rumbling with luchadores (professional wrestlers), marching with rebel teachers in Oaxaca, investigating the murder of a prominent gay activist, and sneaking into a prison to meet with indigenous resistance fighters. She also visits families of the undocumented workers she befriended back home. Travel mates include a Polish thief, a Border Patrol agent, and a sultry dominatrix. Part memoir, part journalistic reportage, Mexican Enough illuminates how we cast off our identity in our youth, only to strive to find it again as adults -- and the lessons to be learned along the way.
