Fundamentals of International Business is an introductory international business text for use at the undergraduate level. Its comprehensive coverage of the subject also makes it appropriate for use in MBA programs. The book's content is streamlined when compared to the array of international business texts now available, but sufficiently rigorous and demanding to satisfy the professional integrity of the instructor. This text presents a balanced coverage of the subject matter, analyzing decision-making in the context of their corporate conditions.

Fundamentals of International Business is a concise introduction to international business with special emphasis on the environmental and cultural issues facing global organizations. The distinguished author team's academic and practitioner experience both in business and government ensures a balance of research and practical insight. The text includes the latest trade data presented in easy to understand tables and graphs. Contemporary business situations and critical events are featured and discussed in each chapter-with special attention to the impact technology. Throughout the text every effort has been made to present complex ideas in an easy-to-understand language and format. The brief length, balance, and student-friendly features make this an affordable and manageable choice for any International Business course.

marketing theories and their practical implications. A fourth, revised edition of Marketing Management, the text features new classical and contemporary cases, new interdisciplinary and cross-functional implications of business management theories, contemporary marketing management principles and futuristic application of marketing management theories and concepts. The core and complex issues are presented in a simplified manner providing students with a stimulating learning experience that enables critical thinking, understanding and future application. Each chapter features a chapter summary, key terms, review and discussion questions and a practice quiz. Throughout the text there are also specific teaching features to provide students and instructors with an enhanced pedagogical experience. These features include: The Managers Corner: These sections provide real-world examples that instructors may highlight to exemplify theory or as mini-cases for discussion. Marketing in Action: These sections ask students to apply concepts and theories to actual business situations. Web Exercises: These mini sections provide students with real world issues and suggest websites for more information. In addition, the authors provide ancillary lecture notes and Solution/ Instructors manual online to aid instructors in their teaching activities.
