The Green Mile: those who walk it do not return, because at the end of that walk is the room in which sits Cold Mountain penitentiary's electric chair. In 1932 the newest resident on death row is John Coffey, a giant black man convicted of the brutal murder of two little girls. But nothing is as it seems with John Coffey, and around him unfolds a bizarre and horrifying story. Evil murderer or holy innocent - whichever he is - Coffey has strange powers which may yet offer salvation to others, even if they can do nothing to save him. THE AUTHOR

Dear Mr. S. Harris, Ignore the blob of red in the top left corner. It's jam, not blood, though I don't think I need to tell you the difference. It wasn't your wife's jam the police found on your shoe. . . . I know what it's like. Mine wasn't a woman. Mine was a boy. And I killed him exactly three months ago. Zoe has an unconventional pen pal--Mr. Stuart Harris, a Texas Death Row inmate and convicted murderer. But then again, Zoe has an unconventional story to tell. A story about how she fell for two boys, betrayed one of them, and killed the other. Hidden away in her backyard shed in the middle of the night with a jam sandwich in one hand and a pen in the other, Zoe gives a voice to her heart and her fears after months of silence. Mr. Harris may never respond to Zoe's letters, but at least somebody will know her story--somebody who knows what it's like to kill a person you love. Only through her unusual confession can Zoe hope to atone for her mistakes that have torn lives apart, and work to put her own life back together again. Rising literary star Annabel Pitcher pens a captivating second novel, rich with

her distinctive balance between humor and heart. Annabel explores the themes of first love, guilt, and grief, introducing a character with a witty voice and true emotional resonance.

From 1976 to the present day, there have been over 45 films adapted from the spine-tingling works of Stephen King. In *Stephen King on the Big Screen*, Mark Browning addresses the question of why some of the film adaptations of the world's best-selling author are much more successful than others. By focussing on the theoretical aspect of genre, Browning brings an original approach to familiar films and suggests new ways of viewing them. Although often associated with the macabre, King's stories form the basis for dozens of narratives, which are clearly not horror from *Stand By Me* to *Hearts in Atlantis*. How are *The Green Mile* and *The Shawshank Redemption* successful as prison movies? How do *Cujo* and *The Shining* work as family dramas? Are *Dreamcatcher* and *Christine* merely updated 1950s B-movies? The book is the first written by a film specialist to consider every Stephen King film given a theatrical release, including work by Stanley Kubrick, David Cronenberg and George A. Romero and the first to consider in detail films like *Creepshow*, *Sleepwalkers* and *1408*. The style, whilst critically rigorous, is designed to be accessible to discerning readers of King and fans of films based on his work.

*The Green Mile*, Stephen King's #1 New York Times bestselling novel, was first published twenty years ago in six original paperback installments. Inspiration for the Oscar-nominated film starring Tom Hanks about an innocent man on death row, *The Green Mile* is now available for the first time in e-serial form. *The Bad Death of Eduard Delacroix* is Volume Four. Time has run out for one of the inmates at Cold Mountain penitentiary. Eduard Delacroix is set to make his way into the lap of Old Sparky. But first he must say good-bye—to the guards, to his fellow inmates, and to a strange creature that forever changed his life. Little does he know of the terrible fate that awaits him, and of a devilish plan of revenge. Though no execution can ever be routine, it can follow procedures put in place to minimize pain and avoid a ghastly end. But those procedures are only as good as the men carrying them out. Unfortunately for Delacroix, one of those men is Percy Wetmore. And he's determined to hear Delacroix's screams of agony echoing along the Green Mile.

"I am particularly pleased that the author addresses CHARACTER so heavily in her presentation of material. That is, after all, what plays are about." Madeline Ann Kozlowski, Emmy Award winning Costume Designer, Professor of Costume Design, UCI

This World Fantasy Award winner in the vein of *Animal Farm* delves into a lab worthy of a mad Nazi scientist—but run by a brilliantly sadistic rodent. In the annals of American literature, there has never been a character quite like Doctor Rat, PhD. From one of the most indispensable storytellers in speculative fiction, this biting satire introduces a narrator of learned charm and humor, and a twisted logic that is absolutely chilling. Doctor Rat is a credit to his species. A survivor of the most refined scientific experiments, now removed from the maze, he has become a valued and productive member of the academic community. When he must administer a lethal dose, he comforts his fellow rats with his compassionate slogan: "Death is freedom." But everything changes when animals worldwide begin to rebel, refusing to accept their proper places in the natural order of things: as test subjects, pets, or food. And only Doctor Rat has the courage to defend mankind from the ungrateful animal kingdom. Hailed by the *Los Angeles Times* as "dazzlingly original" and "occasionally quite beautiful," Doctor Rat is a sly and stylish indictment of fanaticism in mice and men. "A truly imaginative impresario . . . [Doctor Rat] teases your conscience with educated wit and versatile improvisation, not to mention the casual flick of the tail about to be cut off." —Kirkus Reviews
