The import and export business is not just for goliath corporations. An individual armed with the right information can get in on this enormous industry. It is big business these days - to the tune of an annual \$1.2 trillion in goods, according to the U.S. Department of Commerce. Billions of dollars in merchandise and goods are being exchanged each day in the global marketplace. These products are bought, sold, represented, and distributed somewhere in the world on a daily basis. While basically any country can offer opportunities for import export trade, Canada, Mexico, Japan, and China have topped the trading chart for the past two decades. In the last few years, countries in the former Soviet Union and South America have become major players. Compared to other businesses, however, import export companies have a very low startup cost. You do not need any special license or degree; what you need to succeed is the expert advice presented in this new, comprehensive manual. This is a business you run from home, and travel is mostly optional. This guide provides readers with an understanding of the basic concepts of international trade and will help you navigate the maze of international trade policies and regulations. This new book is a comprehensive and detailed study of the business side of the import export business. You will learn everything from the initial startup decisions to working with U.S. and foreign companies. If you are investigating opportunities in this type of business, you should begin by reading this book. While providing detailed instruction and examples, the author leads you through every detail that will bring success. You will learn how to draw up a winning business plan and about basic cost control systems, commercial terms, documentation, trade agreements, trade shows, cultural issues, customs and market research, the latest information on government regulations, tax laws, customs requirements, shipping procedures, how to represent U.S.-based companies, copyright and trademark issues, product pricing, distribution systems, custom brokers, international documentation, branding, foreign-trade leads, management, legal concerns, sales and marketing techniques, and pricing formulas. You will learn how to set up computer systems to save time and money, how to meet IRS requirements, how to manage and train employees, how to generate high profile public relations and publicity, and how to implement low cost internal marketing ideas. You will learn how to build your business by using low and no cost ways to satisfy customers, as well as ways to increase sales and have customers refer others to you. Successful import export experts will appreciate this valuable resource and reference it in their daily activities as a source of ready-to-use forms, Web sites, operating and cost cutting ideas, and mathematical formulas that can easily be applied to their operations. The companion CD-ROM is included with the print version of this book; however is not available for download with the electronic version. It may be obtained separately by contacting Atlantic Publishing Group at sales@atlantic-pub.com Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Today, over 450 titles are in print covering subjects such as small business, healthy living, management, finance, careers, and real estate. Atlantic Publishing prides itself on producing award winning, high-quality manuals that give readers up-to-date, pertinent information, real-world examples, and case studies with expert advice. Every book has resources, contact information, and web sites of the products or companies discussed.

One of the most popular and commonest explored businesses ever is the import/export business. In fact, this business idea has been doing rounds from the ancient times when kingdoms used to exchange goods that weren't available locally. Apart from management, operations and marketing, the most important facets of this business include building contacts, keeping the legal requirements complete and finding the right product or service to import/export. From the very mention of the skills that you need to run this business, it should be clear that this business requires you to have apt knowledge of business fundamentals, from what paper you need to work as a legal entity to what strategies you need to implement to optimize operations. If you are a business novice and all of this sounds complicated to you, this book is just the pick for you. This book is an essential keep even for people who already own a business and are looking for a book that can help them grow their business into something bigger and better.
