Many legitimate home-based jobs and projects can be found online, but trustworthy guidance is scarce. Worse, with a 56-to-1 scam ratio in work-at-home ads, the terrain is a minefield of fraud. Nevertheless, customer service agents, researchers, test scorers, tutors, writers, and concierges are just a few of the many people regularly hired to work from home. A growing number of Fortune 500 companies, including UnitedHealth Group, American Express, and Northrop Grumman, also hire home-based personnel. In Work at Home Now, you'll learn: * The top insider tips on good and bad Google search terms. * How to find the needles in the haystack on Craigslist, Indeed, Monster, CareerBuilder, and other big sites. * Where the real jobs for mystery shoppers, transcriptionists, and similar part-time specialties can be found. * Scam-spotting tips that even law enforcement doesn't know. This effortless and unapologetic approach to self-promotion will manage your anxiety and allow you to champion yourself. Does talking about your accomplishments feel scary or icky because you're worried people will think you're "obnoxious"? Does it feel more natural to "put your head down and do the work"? Are you tired of watching the loudest people in your industry get disproportionate praise and rewards? If you answered "yes" to any of the above, you might be self-sabotaging. You need to learn to Brag Better. Meredith Fineman has built a career working with "The Qualified Quiet": smart people who struggle to talk about themselves and thus go underestimated or unrecognized. Now, she shares the surefire and anxiety-proof strategies that have helped her clients effectively communicate their achievements and skillsets to others. Bragging Better doesn't require false bravado, talking over people, or pretending to be more qualified than you are. Instead, Fineman advocates finding quiet confidence in your opinions, abilities, and background, and then turning up the volume. In this book, you will learn the career-changing tools she's developed over the past decade that make bragging feel easy, including: • Get remembered by focusing your personal brand and voice on key adjectives (like "effective, subtle, and edgy") • Practice explaining what you do in simple, sticky terms to earn respect and recognition from the public and people at work. • Eliminate words that undermine your work and find better ones--like your bio saying you're "trying" or "attempting" to do something instead that you ARE doing it. If you're ready to begin Bragging Better--to telling the truth about your accomplishments with grace and confidence--this book is for you.
