A female marine's "absorbing memoir" recounting her work with the remains and personal effects of fallen soldiers and her battle with PTSD (Publishers Weekly). In 2008, CBS chief foreign correspondent Lara Logan candidly speculated about the human side of the war in Iraq: "Tell me the last time you saw the body of a dead American soldier. What does that look like? Who in America knows what that looks like? Because I know what that looks like, and I feel responsible for the fact that no one else does . . ."

Logan's query raised some important yet ignored questions: How did the remains of American service men and women get from the

Online Library Shade It Black Death And After In Iraq

dusty roads of Fallujah to the flag-covered coffins at Dover Air Force Base? And what does the gathering of those remains tell us about the nature of modern warfare and about ourselves? These questions are the focus of Jessica Goodell's story *Shade It Black: Death and After in Iraq*. Goodell enlisted in the Marines immediately after graduating from high school in 2001, and in 2004 she volunteered to serve in the Marine Corps' first officially declared Mortuary Affairs unit in Iraq. Her platoon was tasked with recovering and processing the remains of fallen soldiers. With sensitivity and insight, Goodell describes her job retrieving and examining the remains of fellow soldiers lost in combat in Iraq, and the psychological intricacy of coping with their fates, as well as her own. Death assumed many forms during the war, and the challenge of maintaining one's own humanity could be difficult. Responsible

Online Library Shade It Black Death And After In Iraq

for diagramming the outlines of the fallen, if a part was missing she was instructed to “shade it black.” This insightful memoir also describes the difficulties faced by these Marines when they transition from a life characterized by self-sacrifice to a civilian existence marked very often by self-absorption. In sharing the story of her own journey, Goodell helps us to better understand how post-traumatic stress disorder affects female veterans. With the assistance of John Hearn, she has written one of the most unique accounts of America’s current wars overseas yet seen.

Presents a history of the Black Death, describing its origins in China, its rapid spread through Europe between 1347 and 1353, the impact of depopulation on the European economies, and the periodic outbreaks that continued until the the discovery of

Online Library Shade It Black Death And After In Iraq

antibiotics in the twentieth century.

A spine-chilling saga of virulent racism, human folly, and the ultimate triumph of scientific progress. For Chinese immigrant Wong Chut King, surviving in San Francisco meant a life in the shadows. His passing on March 6, 1900, would have been unremarkable if a city health officer hadn't noticed a swollen black lymph node on his groin—a sign of bubonic plague. Empowered by racist pseudoscience, officials rushed to quarantine Chinatown while doctors examined Wong's tissue for telltale bacteria. If the devastating disease was not contained, San Francisco would become the American epicenter of an outbreak that had already claimed ten million lives worldwide. To local press, railroad barons, and elected officials, such a possibility was inconceivable—or

Online Library Shade It Black Death And After In Iraq

inconvenient. As they mounted a cover-up to obscure the threat, ending the career of one of the most brilliant scientists in the nation in the process, it fell to federal health officer Rupert Blue to save a city that refused to be rescued. Spearheading a relentless crusade for sanitation, Blue and his men patrolled the squalid streets of fast-growing San Francisco, examined gory black buboes, and dissected diseased rats that put the fate of the entire country at risk. In the tradition of Erik Larson and Steven Johnson, Randall spins a spellbinding account of Blue's race to understand the disease and contain its spread—the only hope of saving San Francisco, and the nation, from a gruesome fate.

The powerful and learned Mancers arrive in Eliza's town to take her away to their Citadel. The only problem is they have made a

Online Library Shade It Black Death And After In Iraq

terrible mistake – Eliza isn't the powerful Sorceress they think her to be. Or is she? Eliza is stunned to learn her father, Rom Tok, has been keeping important secrets: her mother's death wasn't from pneumonia, but the death of all great Shang Sorceresses: killed in battle against evil forces. Even so, Eliza's lessons with the Mancers at their Citadel show them what she has always known – she can't do any magic. The final brave act of Eliza's mother was to trap the evil Xia Sorceress, Nia, in an Arctic prison. But Nia is still powerful enough to use her minions to capture Rom Tok. Escaping the Citadel with her best friend Nell and new friend Charlie, Eliza sets off to rescue her father. They seek help from the Triumvirate, an uneasy alliance of ultimate power – the Oracle, the King of the Faeries, and Swarn, the witch who delivered Eliza as a baby. They try to stop her, but she is determined. She knows she's connected to

Online Library Shade It Black Death And After In Iraq

the Xia Sorceress somehow. What awaits Eliza in the Arctic is more horrible than she could have imagined. Abandoned by the Mancers and the Triumvirate, she must rely on her friends and her own wits and common sense to succeed in her quest. Shade and Sorceress is Catherine Egan's first published novel. Her short fiction has appeared in several publications in the USA and Canada. Catherine currently resides in Princeton, NJ.

Welcome to Nightshade, California—a small town full of secrets. It's home to the psychic Giordano sisters, who have a way of getting mixed up in mysteries. During their investigations, they run across everything from pom-pom-shaking vampires to shape-shifting boyfriends to a clue-spewing jukebox. With their psychic powers and some sisterly support, they can crack any case! Teenage

girls are being mysteriously attacked all over town, including at Nightshade High School, where Daisy Giordano is a junior. When Daisy discovers that a vampire may be the culprit, she can't help but suspect head cheerleader Samantha Devereaux, who returned from summer break with a new "look." Samantha appears a little . . . well, dead, and all the most popular kids at school are copying her style. Is looking dead just another fashion trend for Samantha, or is there something more sinister going on? To find out, Daisy joins the cheerleading squad. This ebook includes a sample chapter of DEAD IS A BATTLEFIELD.

Maps and Meaning is relevant to those looking for a fresh perspective on biblical narratives related to the role of the priest, patients, soldiers, and others who spend time "outside the camp."

Online Library Shade It Black Death And After In Iraq

The authors consider the geographical, interpersonal, temporal, and spiritual transitions individuals experience when they move “in” and “out of the camp” and the impact their time outside the camp has on family and community. The authors propose a societal approach that embraces the inevitability of life’s ebbs and flow and that draws maps to facilitate these journeys.

In the mid-fourteenth century the Black Death ravaged Europe, leading to dramatic population drop and social upheavals. Recurring plague outbreaks together with social factors pushed Europe into a deep crisis that lasted for more than a century. The plague and the crisis, and in particular their short-term and long-term consequences for society, have been the matter of continuous debate. Most of the research so far has been based on the study of written sources, and

Online Library Shade It Black Death And After In Iraq

the dominating perspective has been the one of economic history. A different approach is presented here by using evidence and techniques from archaeology and the natural sciences. Special focus is on environmental and social changes in the wake of the Black Death. Pollen and tree-ring data are used to gain new insights into farm abandonment and agricultural change, and to point to the important environmental and ecological consequences of the crisis. The archaeological record shows that the crisis was not only characterized by abandonment and decline, but also how families and households survived by swiftly developing new strategies during these uncertain times. Finally, stature and isotope studies are applied to human skeletons from medieval churchyards to reveal changes in health and living conditions during the crisis. The conclusions are put in wider perspective that highlights the close

Online Library Shade It Black Death And After In Iraq

relationship between society and the environment and the historical importance of past epidemics.

The eagerly awaited addition to the series begun with the New York Times best-seller *Life As We Knew It*, in which a meteor knocks the moon off its orbit and the world changes forever. It's been more than two years since Jon Evans and his family left Pennsylvania, hoping to find a safe place to live, yet Jon remains haunted by the deaths of those he loved. His prowess on a soccer field has guaranteed him a home in a well-protected enclave. But Jon is painfully aware that a missed goal, a careless word, even falling in love, can put his life and the lives of his mother, his sister Miranda, and her husband, Alex, in jeopardy. Can Jon risk doing what is right in a world gone so terribly wrong?

Online Library Shade It Black Death And After In Iraq

If the twenty-first century seems an unlikely stage for the return of a 14th-century killer, the authors of *Return of the Black Death* argue that the plague, which vanquished half of Europe, has only lain dormant, waiting to emerge again—perhaps, in another form. At the heart of their chilling scenario is their contention that the plague was spread by direct human contact (not from rat fleas) and was, in fact, a virus perhaps similar to AIDS and Ebola. Noting the periodic occurrence of plagues throughout history, the authors predict its inevitable re-emergence sometime in the future, transformed by mass mobility and bioterrorism into an even more devastating killer.

Witty servant meets the brother of Chaos and one prank gone wrong later they're all in the kind of mess that is unravelling an entire

Online Library Shade It Black Death And After In Iraq

magical kingdom. Shade, an orphaned servant, who unknowingly carries deeply hidden secrets. Four Elite brothers from a long forgotten magical kingdom who rescue her, almost by accident, from her abusive master. Alpha and overprotective male lead, who knows from the beginning he needs to push her away but just can't resist. The kingdom is in the hands of a tyrant who literally controls death itself and is on a slow, torturous, killing spree. Reverse-harem plot from book one. Laugh out loud funny Dual or Multi POV after book one Slow-burn, the relationship and plot development are given real detail (full sexual content by book four) Full length novel at 80k + for book one. 100k+ for book two, and 180k+ for book 3.
