The International Encyclopedia of Hospitality Management is the definitive reference work for any individual studying or working in the hospitality industry. There are 185 Hospitality Management degrees in the UK alone. This new edition updates and significantly revises twenty five per cent of the entries and has an additional twenty new entries. New online material makes it the most up-to-date and accessible hospitality management encyclopedia on the market. It covers all of the relevant issues in the field of hospitality management from a sectoral level (lodging, restaurants/food service, time-share, clubs and events) as well as a functional one (accounting and finance, marketing, strategic management, human resources, information technology and facilities management). Its unique, user-friendly structure enables readers to find exactly the information they require at a glance – whether they require broad detail that takes a more cross-sectional view across each subject field or more focused information that looks closely at specific topics and issues within the hospitality industry today.

A descriptively annotated, multidisciplinary, cross-referenced and extensively indexed guide to 2,395 dissertations that are concerned either in whole or in part with Hong Kong and with Hong Kong Chinese students and emigres throughout the world.
