However, 'The Man With No Face' (originally published under the title 'Hidden Faces') is a much lesser novel. While the basic premise is interesting, the laboured construction of the plot is very naive, and the writing style of the younger May even more so. Indeed, some of the dialogue between the characters is close to being unreadable.

The Faceless Men charge exorbitant fees, but their reputation for success is unmatched. The cost increases relative to the importance of the target and the difficulty of the objective. In the first book it is said that hiring a Faceless Man to kill Daenerys Targaryen would cost more than it would to hire an entire army. Further, the Faceless Men will reject a contract if killing the target clashes with their strange, and at times inscrutable, religious beliefs.

Raymond Robinson was a severely disfigured man whose years of nighttime walks made him into a figure of urban legend in western Pennsylvania. Robinson was so badly injured in a childhood electrical accident that he could not go out in public without fear of creating a panic, so he went for long walks at night. Local tourists would drive along his road in hopes of meeting The Green Man or Charlie No-Face. They passed on tales about him to their children and grandchildren, and people raised on the

The Man With No Face: the latest thriller from million-selling Peter May by Peter May (9781787472570)

A classic early novel from Peter May situated among the political intrigue of Brussels, Belgium, in 1979--now available in the United States. "Peter May is a writer I'd follow to the ends of the earth." --Marilyn Stasio, New York Times There are two men on their way to Brussels from the UK: Neil Bannerman, an iconoclastic journalist for Scotland's Daily Standard whose irate editor wants him out of the way, and Kale--a professional assassin. Expecting to find only a difficult, dreary political investigation in Belgium, Bannerman has barely settled in when tragedy strikes. His host, a fellow journalist, along with a British Cabinet minister, are discovered dead in the minister's elegant Brussels townhouse. It appears that they have shot each other. But the dead journalist's young autistic daughter, Tania, was hidden in a closet during the killings, and when she draws a chilling picture of a third party--a man with no face--Bannerman suddenly finds himself a reluctant participant in a desperate murder investigation. As the facts slowly begin to emerge under Bannerman's scrutiny, he comes to suspect that the shootings may have a deep and foul link with the rotten politics that brought him to Brussels in the first place. And as Kale threatens to strike again, Bannerman begins to feel a change within himself. His jaded professionalism is transforming into a growing concern for the lonely and frightened Tania, and a strong attraction to a courageous woman named Sally--drawing him out of himself and into

When a man is found with his face blown off, the Glasgow P Division detectives quickly establish his identity. But the mystery surrounding his death only deepens. "When it comes to writing police procedurals, Turnbull has few peers. This low-key Scottish author writes refreshingly intelligent books that are an absorbing blend of gritty murder mystery, human-interest story, psychological profile, and wry social commentary." - Booklist

Charles didn't know much about life ... until he met The Man Without a Face "I'd never had a friend, and he was my friend; I'd never really, except for a shadowy memory, had a father, and he was my father. I'd never known an adult I could communicate with or trust, and I communicated with him all the time, whether I was actually talking to him or not. And I trusted him ..... Fourteen-year-old Charles desperately wants two things: a father and a way out. Little love has come his way until the summer he befriends a mysterious scarred man named Justin McLeod, nicknamed "The Man Without a Face." Charles enlists McLeod's help as tutor for the St. Matthew's school entrance exams, his ticket away from the unpleasant restrictions of his home life. But more important than anything he could get out of a book, that summer Charles learns from McLeod a stirring life lesson about the many faces of love. 'Not much affection had come Charles's way until the summer he was fourteen, when he met McLeod [a man whose face was deeply scarred] and learned that love has many facets.' —BL. 'A highly moral book, powerfully and sensitively written; a book that never loses sight of the human.' —H. 1972 Best Books for Young Adults (ALA) Best of the Best Books (YA) 1970-1983 (ALA) Outstanding Children's Books of 1972 (NYT)

heard of in 70 years: murder. That's the only option left for Reich, whose company is losing a 10-year death struggle with rival D'Courtney Enterprises. Terrorized in his dreams by The Man With No Face and driven to the edge after D'Courtney refuses a merger offer, Reich murders his rival and bribes a high-ranking telepath to help him cover his tracks. But while police prefect Lincoln Powell knows Reich is guilty, his telepath's knowledge is a far cry from admissible evidence. Alfred Bester was among the first important authors of contemporary science fiction. His passionate novels of worldly adventure, high intellect, and tremendous verve, *The Stars My Destination* and the Hugo Award winning *The Demolished Man*, established Bester as a s.f. grandmaster, a reputation that was ratified by the Science Fiction Writers of America shortly before his death. Bester also was an acclaimed journalist for *Holiday* magazine, a reviewer for the *Magazine of Fantasy and Science Fiction* and even a writer for *Superman*.

For decades, Markus Wolf was known to Western intelligence officers only as "the man without a face." Now the legendary spymaster has emerged from the shadows to reveal his remarkable life of secrets, lies, and betrayals as head of the world's most formidable and effective foreign service ever. Wolf was undoubtedly the greatest spymaster of our century. A shadowy Cold War legend who kept his own past locked up as tightly as the state secrets with which he was entrusted, Wolf finally broke his silence in 1997. *Man Without a Face* is the result. It details all of Wolf's major successes and failures and illuminates the reality of espionage operations as few nonfiction works before it. Wolf tells the real story of Gunter Guillaume, the East German spy who brought down Willy Brandt. He reveals the truth behind East Germany's involvement with terrorism. He takes us inside the bowels of the Stasi headquarters and inside the minds of Eastern Bloc leaders. With its high-speed chases, hidden cameras, phony brothels, secret codes, false identities, and triple agents, *Man Without a Face* reads like a classic spy thriller—except this time the action is real.

From the beloved and award-winning author Junot Díaz, a spellbinding saga of a family's journey through the New World. A coming-of-age story of unparalleled power, *Drown* introduced the world to Junot Díaz's exhilarating talents. It also introduced an unforgettable narrator—Yunior, the haunted, brilliant young man who tracks his family's precarious journey from the barrios of Santo Domingo to the tenements of industrial New Jersey, and their epic passage from hope to loss to something like love. Here is the soulful, unsparing book that made Díaz a literary sensation.
