A Heart So Wild Straton

In a welcome change, A Heart So Wild was darker in tone than the typical Johanna Lindsey romance. This change also added credibility to the setting, the Wild West. As much as I sympathized with Chandos' quest, I found it difficult to connect with him because he was a bit too mysterious and brooding. (view spoiler)

For the fiftieth anniversary of the film, W.K. Stratton's definitive history of the making of The Wild Bunch, named one of the greatest Westerns of all time by the American Film Institute. Sam Peckinpah's film The Wild Bunch is the story of a gang of outlaws who are one big steal from retirement. When their attempted train robbery goes awry, the gang flees to Mexico and falls in with a brutal general of the Mexican Revolution, who offers them the job of a lifetime. Conceived by a stuntman, directed by a blacklisted director, and shot in the sand and heat of the Mexican desert, the movie seemed doomed. Instead, it became an instant classic with a dark, violent take on the Western movie tradition. In The Wild Bunch, W.K. Stratton tells the fascinating history of the making of the movie and documents for the first time the extraordinary contribution of Mexican and Mexican-American actors and crew members to the movie's success. Shaped by infamous director Sam Peckinpah, and starring such visionary actors as William Holden, Ernest Borgnine, Edmond O'Brien, and Robert Ryan, the movie was also the product of an industry and a nation in transition. By 1968, when the

movie was filmed, the studio system that had perpetuated the myth of the valiant cowboy in movies like *The Searchers* had collapsed, and America was riled by Vietnam, race riots, and assassinations. *The Wild Bunch* spoke to America in its moment, when war and senseless violence seemed to define both domestic and international life. *The Wild Bunch* is an authoritative history of the making of a movie and the era behind it.

Raised by the assassin hired to kill her in infancy, Princess Alana of Lubinia unsuccessfully contacts her father the king and is imprisoned as a pretender by the handsome captain of the palace guards, to whom she is betrothed when her claims are proven. In her fiftieth novel, New York Times bestselling author Johanna Lindsey takes her readers on a sensual, romantic adventure through the American West. Some young ladies marry for money and social standing, a few lucky ones marry for love—but Tiffany Warren is marrying to end a feud. Honoring her mother's promise, Tiffany reluctantly travels west to meet her estranged father and his enemy's eldest son, rancher Hunter Callahan. Once the Warrens and the Callahans are united by marriage, both clans will stop squabbling over a disputed strip of land. In the chaos of a train robbery Tiffany seizes a golden opportunity: By assuming the identity of her father's new housekeeper she can live with the father she never knew and assess his true character, as well as that of the neighboring cowboy to whom she is betrothed. But, too late, Tiffany discovers that the rivalry between the Warrens and the Callahans has escalated when the Callahans steal the Warrens' housekeeper as soon as she steps off the train! Now, Tiffany, who is pretending to be Jennifer Fleming, finds herself living in the enemy camp, under the same roof as her fiancé. All too soon she learns her intended is a handsome, sweet talking charmer whom she has to fight off because he can't keep his eyes—or his hands—off Jennifer. After Tiffany's charade is exposed she refuses to marry Hunter to end the feud. As Hunter goes about claiming his rightful bride-to-be, he knows that although he loves two women—proper, elegant Tiffany as well as spunky, passionate Jennifer—he has only one heart to win.

As wild as the Wyoming frontier and a terror when spurned, Jessie Blair is furious when she over hears Chase Summers refusing her hand -- and vows to seduce the handsome drifter out of spite. Enraged by Jessie's arrogance yet haunted by her beauty, Chase is irresistible drawn to the headstrong miss -- and into her troubles with the land-hungry villains who murdered her father. For his pride insists he tame the fiery temptress who toys with his emotions. And his passion won't be sated until the sensuous young hellion becomes a woman in his arms.

From a rediscovered collection of autobiographical accounts written by hundreds of Kansas pioneer women in the early twentieth century, Joanna Stratton has created a collection hailed by *Newsweek* as “ uncommonly interesting ” and “ a remarkable distillation of primary sources. ” Never before has there been such a detailed record of women's courage, such a living portrait of the women who civilized the American frontier. Here are their stories: wilderness mothers, schoolmarms, Indian squaws, immigrants, homesteaders, and circuit riders. Their personal recollections of prairie fires, locust plagues, cowboy shootouts, Indian raids, and blizzards on the plains vividly reveal the drama, danger and excitement of the pioneer experience. These were women of relentless determination, whose tenacity helped them to conquer loneliness and privation. Their work was the work of survival, it demanded as much from them as from their men—and at last that partnership has been recognized. “ These voices are haunting ” (*The New York Times Book Review*), and
