The Wizard of Lies (TV Movie 2017) — IMDb

Having read 4 or 5 books on Bernard Madoff and his Ponzi Scheme, as well as the 'strange' confessional tome penned for 'whatever' purpose by an ex-girlfriend, the contents of which were not as exciting or racy as paint drying, Diana B Henriques's "Bernie Madoff - The Wizard Of Lies", comes closest to perhaps being the definitive version of the Life and Times of this most despicable con artist.

Bernie Madoff, the Wizard of Lies: Inside the Infamous \$65 ...

The Wizard of Lies is a 2017 American television biopic film directed by Barry Levinson and written by Sam Levinson, Sam Baum, and John Burnham Schwartz, based on the non-fiction book of the same name by Diana B. Henriques. The film stars Robert De Niro as businessman Bernard Madoff, Michelle Pfeiffer as his wife Ruth Madoff, and Alessandro Nivola as their older son Mark Madoff. It aired on HBO on May 20, 2017.

The Wizard of Lies — Wikipedia

NPR December 11, 2020. The first journalist to interview Bernie Madoff after the money manager was sentenced to 150 years in prison says she was struck that Madoff hadn't fundamentally changed. Even behind bars, says New York Times financial writer Diana Henriques, Madoff was a "fluent liar." "The magic of his personality is how easy it is to believe him — almost how much you want to believe him," she tells Fresh Air's Terry Gross.

In 2008, stockbroker, investment advisor and financier Bernie Madoff made headlines around the world when he was arrested for perpetrating perhaps the largest financial fraud in U.S. history.

The Wizard of Lies — Watch the HBO Original Movie | HBO

Bernie Madoff, a pioneer of the modern stock market and a man whom regulators trusted and consulted for decades, has been arrested after confessing to what he himself calls a \$50 billion Ponzi scheme. Even if you've never heard of Bernie Madoff, the sheer size of his fraud—fifty billion dollars!—guarantees that you will notice. Even in normal times, it would have been news, and these times are nowhere near normal.

The Wizard of Lies: Bernie Madoff and the Death of Trust ...

A true-life financial thriller, The Wizard of Lies contrasts Madoff's remarkable rise on Wall Street with dramatic scenes from his accelerating slide toward self-destruction. It is also the most complete account of the heartbreaking personal disasters and landmark legal battles triggered by Madoff's downfall—the suicides, business failures, fractured families, shuttered charities—and the clear lessons this timeless scandal offers to Washington, Wall Street, and Main Street.

This is the story of the greatest con in financial history—one that has commanded the attention of the entire world from the day the news broke on December 11, 2008. Bernard Madoff's financial scheming roped in thousands of victims, ranging from boldfaced names—Steven Spielberg, Mortimer Zuckerman, Kevin Bacon, Elie Wiesel—to ordinary people who saw their nest eggs disappear in a smoke-and-mirrors debacle. The Enron machinations pale beside the havoc that Madoff created in people's lives. Who is this Bernie Madoff? A shady con man? A sociopath? An evil genius? Who was in on it with him? And where is the money? The established expert on the Bernie Madoff case, journalist Andrew Kirtzman offers a riveting analysis of the man and his deeds that is filled with solid research and suspenseful storytelling.

Nobody knew Bernie like I did, and nobody knows about me... Sheryl Weinstein met Bernie Madoff when she was just shy of forty, and went on to have a twenty-year secret, intimate relationship with the man now known as an evil mastermind, a villain of the greatest proportions. It was 1988 and Sheryl was facing a huge dilemma. Bernie Madoff was paying her a great deal of attention. She was in the midst of a rocky marriage and feeling vulnerable, when the powerful Wall Street mogul began making overtures. As a successful CPA and head of a major charitable organization, she had a lot to lose. She directed him to take things slowly. Over the next five years, there were business meetings over lunch, followed by intimate dinners in hotel rooms and finally, private moments that for a time seemed intensely satisfying to them both. "I'm not to be trusted," he once told her casually. She ignored it, having no idea how prophetic those words would be. After all, her relationship with Bernie was passionate and profound. She felt desirable. She was the one nobody knew about, with the window into the real man. So careful about investing her money, when the SEC cleared him in 1992 she decided to get in all the way—with her heart, her soul—and her financial future. Sheryl was in the wrong place at the wrong time. She couldn't possibly have imagined the devastation that would befall her. Learning the truth was shattering on so many levels. Many books are being written about the scale of Madoff's fraud, but until now, nothing has shown the man through private eyes. Sheryl Weinstein's riveting story reveals a Madoff who will shock and surprise you. From the boardroom to the bedroom, in each other, the two found something that had been lacking in their own lives. It's a story with tragic overtones--a drama that only now could find a devastating conclusion.

It almost seems that Thomas Mellon Evans was a man so far ahead of his contemporaries that he had moved into the shadows before the full force of his business style had dawned on the rest of corporate America. At every step in his career, he was bargaining in where few would follow -- at first. But follow they did, at last." -- from the Prologue
The first in-depth portrait of the life and times of the trailblazing financier Thomas Mellon Evans -- the man who pursued wealth and power in the 1950s with a brash ruthlessness that forever changed the face of corporate America. Long before Michael Milken was using junk bonds to finance corporate takeovers, Thomas Mellon Evans used debt, cash, and the tax code to obtain control of more than eighty American companies. Long before investors began to lobby for "shareholder's rights," Evans was demanding that public companies be run only for their shareholders -- not for their employees, their executives, or their surrounding communities. To some, Evans's merciless style presaged much that is wrong with corporate life today. To others, he intuitively knew what was needed to keep America competitive in the wake of a global war. In The White Sharks of Wall Street, New York Times investigative reporter Diana Henriques provides the first biography of this pivotal figure in American business history. She also portrays the other pioneering corporate raiders of the postwar period, such as Robert Young and Louis Wolfson, and shows how these men learned from one another and advanced one another's takeover tactics. She relates in dramatic detail a number of important early takeover fights -- Wolfson's challenge to Montgomery Ward, Young's move on the New York Central Railroad, the fight for Follansbee Steel -- and shows how they foreshadowed the desperate battle waged by Tom Evans's son, Ned Evans, to keep the British raider Robert Maxwell away from his Macmillan publishing empire during the 1980s. Henriques also reaches beyond the business arena to tally the tragic personal cost of Evans's pursuit of success and to show how the family dynasty shattered when his sons were driven by his own stubbornness and pride to become his rivals. In the end, the battling patriarch faced his youngest son in a poignant battle for control at the Crane Company, the once-famous Chicago plumbing and valve company that Tom Evans had himself seized in a brilliant takeover coup twenty-five years earlier. The White Sharks of Wall Street is a fascinating portrait of an extraordinary man, whose career blazed across the sky and then sank into obscurity -- but not before he had provided the template for how American business would operate for the next four decades.
