Care of The High Risk Infant
team of respected authorities, Beyond the NICU provides the strategies necessary to ensure the success of convalescing NICU graduates in both inpatient and outpatient settings. Doody's Review! Score: 95/100
Description This is a nearly 1,000-page softcover book written by over 100 contributors on convalescent neonatal care

Download Ebook Beyond The Nicu Comprehensive

Care of The High Risk
Infant
and post-discharge care of the high-risk infant. The format is similar to other neonatal handbooks (Neonatology: Management, Procedures, On-Call Problems, Diseases, and Drugs, 7th edition, Gomella, et al. (McGraw-Hill, 2013); Manual of Neonatal Care, 7th edition, Cloherty et al. (Lippincott

Download Ebook Beyond The Nicu Comprehensive

Williams & Wilkins, 2011)), but it emphasizes transitional care of the sick infant. Purpose The purpose is to provide "practical, evidence-based strategies for the NICU graduate during convalescence and after discharge." The book functions like a practical handbook for clinicians in the NICU, covering almost all aspects of

Download Ebook Beyond The Nicu Comprehensive

neonatal care, but emphasizing
convalescent care. This is an area that has
not been well covered in other neonatal
books, and this book meets the objectives.
Audience The audience is NICU
caregivers at all levels and of all
disciplines. The book is written in outline
format and emphasizes care rather than

Download Ebook Beyond The Nicu Comprehensive

pathophysiology. The senior editor, his three consultants, and many of the contributors are recognizable names in the field. Features The 51 chapters are grouped into four sections. After an introductory section which includes chapters on the role of the primary care provider for the NICU graduate, the book

Download Ebook Beyond The Nicu Comprehensive

Covers most aspects of care of preterm and term infants in the next two sections. A final section on developmental care includes chapters on early intervention and palliative care. Although the book is supposed to emphasize convalescent and post-discharge care, much of the second and third sections deals with standard

Download Ebook Beyond The Nicu Comprehensive

early diagnosis and treatment of common neonatal issues, which adds significant length to the book. The book is at its best when it sticks to its title and emphasizes care "beyond the NICU." Helpful appendixes include discharge checklists, home equipment, and even billing coding for the NICU graduate. Illustrations and

Download Ebook Beyond The Nicu Comprehensive

tables are sparse, but some are unique and very helpful. Assessment This is a unique neonatal book in its emphasis on convalescent and post-discharge care for the sick neonate. It should become a standard text for clinicians in this field and, as it matures in subsequent editions, should abbreviate the acute care sections
