An exciting new series of great writing on television from the BFI. Buffy the Vampire Slayer is sure to be a hit.

The strongest magick ever distilled, and the deadliest butcher England has ever known... Buffy Summers is on the trail of a killer demon in Sunnydale, and reluctantly accepts the help of Spike. Anything's better than his moping around. But Spike -- as usual -- has his own agenda, and it involves something the demon is carrying: a vial of pure magickal power. Spike knows plenty of people and demons who will pay top dollar for this vial: Doc, Rack...and an ancient evil known as The First. Spike has encountered The First before. In the good old days in Victorian London, when Spike, Drusilla, Angelus, and Darla ran through the night in pursuit of dark fun, another evil being was stalking the streets, dispatching young women with brutal efficiency. But when the so-called "Jack the Ripper" struck too close to their twisted "family," the vampires found themselves on the same side as the Slayer of that time. Working to bring down Jack, and running afoul of The First, Spike and the Slayer formed an uneasy alliance, which followed Spike all through the twentieth century to present day Sunnydale, now blanketed in a mysterious fog....

What is the true measure of a champion? In the nineteenth century a boy named William was born. A sweet, gentle boy -- no one could have guessed the suffering he'd cause, the pain he'd inflict. When, as a young man, he meets a woman called Drusilla -- a strange woman, a woman unlike anyone William has ever known -- he is fundamentally changed. She has turned him. There will be no more William. He is Spike now. As Spike, he travels Europe with a band of vagabond vampires. Dru, Darla, and Angelus instruct him on his new nature, and from them he learns about that greatest of vampiric enemies, the girl who is chosen to stand up against them, trained to kill them, endowed with the strength it takes to defeat them: the Slayer. Then and there, Spike decides he'll hunt down those slayers. He'll see how many he can find. Who would have thought then that he'd fight on the Slayer's side? Who would have guessed that Spike, once William, would go out and seek his soul for a slayer? Who would have dared dream he'd fall in love with one?

From L.A. Times best-selling author Nancy Holder comes a new, original adventure featuring the cast of both Buffy the Vampire Slayer and Angel. In his first year in Los Angeles, Angel, the vampire with a soul, came across an inter-dimensional hunter named Jhiera. The seductive woman was only trying to protect other females in her culture from being stripped of their emotions -- intense emotions that gave them dominance over men. Angel fell victim to her heat, but Jhiera had to return to

her own dimension. Now "She" is back and searching for a lost young woman who may be the key to unleashing an inter-dimensional war -- a war that will be led by a powerful sorcerer, determined to free China's terra-cotta army of fierce samurai from their long imprisonment.... There exists a hell dimension that is very much like the Ninth Circle of Hell that Dante Alighieri described in The Inferno. It is a frozen, desolate place, and the souls of the damned are buried in vast sheets of ice. Evil beings from many different dimensions have been sent there. The descendants of the imprisoned are chipping away at the barriers that separate the dimensions, hoping to free those trapped in the ice, so that they may return and claim this world for their own. One of these demons is in L.A. searching for Jhiera, hoping to strike a deal that will persuade her to thaw his soldiers -- and dragons -- in exchange for their help overthrowing the Vigories of Oden Tal. But what form will this demonic army take when it arrives in our world? In Sunnydale, Buffy Summers is casting about in her new life -- as school counselor, guardian of Dawn, best friend, keeper of Spike's sanity, and of course as Slayer -- hoping to find something, anything, that will give her back that "finished" feeling. A demonic army with a dragon at its head is so not what she needs right now. And in L.A., Angel and Gunn -- each man pining for a woman he can never have, for a time that will never be what it was -- stumble across a raging battle at a museum. Angel is astonished to see the inter-dimensional fugitive Jhiera again...and to have the same feelings for her come rushing back to the surface. Jhiera escapes, and the Angel Investigations gang starts poking around, trying to discover why the Oden Tal woman was at the museum -- a museum featuring an archaeological exhibit of the terra-cotta army of samurai figurines that were found in a Chinese emperor's tomb. They are a marvel to behold, and both Los Angeles and Sunnydale are lucky enough to host the exhibit. That can't be a coincidence...can it? When the frozen hell dimension is thawed and opened, a demonic army will enter this world through the Hellmouth. The various creatures will occupy the forms of the ready-made army, and a war will be waged.
