Handbooks | Human Resources

Employee relations is the one discipline within human resources that connects with every aspect of employment. While employee relations is considered just one specific discipline, experts in this area must be knowledgeable of all areas within human resources to be effective in handling workplace matters. Compensation and benefits, workplace safety, recruitment and selection, and performance management are other disciplines with the human resources field.

plan, implement and assess employee relations. Employee Relations is part of the brand new HR Fundamentals series, offering practical advice to HR professionals starting out in their career, completing CPD training or studying for their professional qualifications with the CIPD. It is the complementary partner title to Employment Law, also by the same author.

The role of human resources is no longer limited to hiring, managing compensation, and ensuring compliance. Since the 1990s, a transformation has occurred. Companies are calling upon a new breed of HR professionals to behave as organization development consultants, helping to determine priorities in running the business, design how work gets done, craft strategy, and shape culture. A compendium of the best thinking on the subject, Handbook for Strategic HR includes 78 articles from the renowned OD Practitioner. It introduces readers to core organization development strategies and skills, giving them creative approaches, practical tips, and proven methods to help them:

- * See the big picture, think systemically, and strategically identify where best to foster change in their organization
- * Team up with consultants and senior-level staff in leading a change project
- * Put employee engagement to practical use and involve "minds, hearts, and hands" in the important work of the organization
- * Operate effectively in cross-cultural and virtual working situations

Comprehensive and practical, this forward-thinking book enables readers to become key partners in leading their
