Veteran author Ilene Cooper explores the turbulent history of one of Jerusalem's most sacred sites in this timely, illustrated nonfiction offering, *Faith and Fury: The Temple Mount and the Noble Sanctuary*. Towering over the Old City of Jerusalem is a place where worlds meet, conflict arises, and history changes. Known to Jews as the Temple Mount, it was once the site of the great temples built by Solomon and Herod. To Muslims, it is the Noble Sanctuary and home to one of the most sacred buildings in the Muslim world, the Dome of the Rock. Venerated by Jews, Muslims, and Christians alike, it attracts pilgrims and tourists from around the world—and is the focus of the bitter and intractable conflict between Israel and the Arab world that dominates today's news.

In the bloody Civil War that split our nation, American bishops worked for the success of the Union . . . and of the Confederacy! As Catholics slaughtered Catholics, pious priests on both sides prayed God to give success in battle. . . to their own side. Men in blue and men in gray flinched at the Consecration as cannonballs (fired by Catholic opponents) rained down on them during battlefield Masses. Many are the moving – and often surprising – stories in these pages of brave Catholics on both sides of the conflict – stories told by Fr. Charles Connor, one of our country's foremost experts on Catholic American history. Through searing anecdotes and learned analysis, Fr. Connor here shows how the tumult, tragedy, and bravery of the War forged a new American identity, even as it created a new American Catholic identity, as Catholics—often new immigrants—found themselves on both sides of the conflict. Fr. Connor's account shows that in the nineteenth century and on both sides of the conflict, the Church in America was a combination of visionary leadership and moral blindness – much as is the Church in America today. From consideration of the strengths and weaknesses of both sides, Catholics today will discover ways to bridge the gulf that today divides so many in our Church – and in our nation.

In Spain, the five-year period following the proclamation of the Republic in April 1931 was marked by physical assaults upon the property and public ritual of the Spanish Catholic Church. These attacks were generally carried out by rural and urban anticlerical workers who were frustrated by the Republic's practical inability to tackle the Church's vast power. On July 17/18, 1936, a right-wing military rebellion divided Spain geographically, provoking the radical fragmentation of power in the territory which remained under Republican authority. The coup marked the beginning of a conflict which developed into a full-scale civil war. Anticlerical protagonists, with the reconfigured structure of political opportunities working in their favor, participated in an unprecedented wave of iconoclasm and violence against the clergy. During the first six months of the conflict, innumerable religious buildings were destroyed and almost 7,000 religious personnel were killed. To date, scholarly interpretations of these violent acts were linked to irrationality, criminality, and primitiveness. However, the reasons for these outbursts are more complex and deep-rooted: Spanish popular anticlericalism was undergoing a radical process of reconfiguration during the first three decades of the 20th century. During a period of rapid social, cultural, and political change,

anticlerical acts took on new - explicitly political - meanings, becoming both a catalyst and a symptom of social change. After July 17/18, 1936, anticlerical violence became a constructive force for many of its protagonists: an instrument with which to build a new society. This book explores the motives, mentalities, and collective identities of the groups involved in anticlericalism, during the pre-war Spanish Second Republic and the Spanish Civil War. It will be is essential reading for all those interested in 20th-century Spanish history.

"Faith and Fury by Riley B. Case tells the fascinating story of Eli Farmer (1794-1881) who moved to Monroe County, Indiana, in 1820 and became a Methodist circuit rider. Over nine years, he visited 33 different preaching locations and covered over 300 square miles in southern and central Indiana. Farmer was also a War of 1812 veteran, farmer, businessman, newspaper editor, Civil War chaplain, freemason, and state senator. Throughout his life, he was fascinated by the personal journey of faith and concerned himself with the spread of religion on the frontier. He wrote prolifically, including editorials and journals from the viewpoint of an "outsider" who rejected the institutionalization of churches with set doctrines, paid ministries, and lavish buildings. Farmer was a primary organizer of the Methodist circuit until his break with the denomination in 1839. This study by Case draws heavily on Eli Farmer's vivid memoirs, which he dictated after the Civil War. The Second Great Awakening contributed significantly to Indiana's early history. Political dissension in the new republic over the power of government as opposed to individual liberty helped fuel religious fervor on the frontier as it opened for settlement. Constitutional ideas of freedom and equality supported Protestant denominations proclaiming that people had free will and could speak to God personally. As settlers flocked to these congregations, the frontier culture favoring self-reliance gave way to the stabilizing effect of mainstream churches and two-party politics. Nevertheless, competing notions of individualism and strong government have both maintained popular support into the twenty-first century, making them particularly relevant topics to visit today" --

Bryan MacMahon gives a comprehensive overview of the origins and progress of the Protestant evangelical campaign in West Kerry from 1825 to 1845. These Church of Ireland missionaries were motivated by a desire to save Irish-speaking Catholics from what they saw as superstitious practices and enthrallment to Rome. This study brings personalities to life and records the long-lost voices and values of those on both sides of the religious divide. The work of the evangelicals was widely hailed as a model of a successful missionary campaign; however, it evoked a furious response from Catholic priests. The war of words between clergymen of both persuasions was fomented by rival local newspapers, reaching a climax in a notorious libel case in March 1845.

When a greedy rancher hires ruthless gunmen to terrorize the sleepy prairie town of Enterprise, Texas, no one expects a quiet farmer and family man to take a stand. With his loved ones and land on the line, William Hart begins a one-man crusade for justice. But by fighting for his life, Hart's deepest and darkest secret-something he's kept hidden since the days of the Civil War-is unexpectedly revealed. From award-winning author C.E. Edmonson, this story brings the history and romance of the Old West to life, with an epic adventure about the battle between good and evil, valor and villainy, faith and fury.

Is God loving? The Bible says that God is love; however, it also portrays a God that floods the earth, takes the lives of the firstborn in Egypt, and lashes out time and again in His fury. How can a God of love be synonymous with the God of fury displayed in the Old Testament? Are we fools? "The fear of the Lord is the beginning of knowledge; fools despise wisdom and instruction" (Pro 1:7). Twice in the Proverbs we're told that the beginning of knowledge and wisdom is the fear of the Lord. Is it possible that we have become altogether ignorant simply because we've tossed out the Bible's basic teaching on God's fury? The Fury of God penetrates the paradox and shows that we cannot truly understand God's love until we fully understand His fury. If believers today are truly abiding in God's Word, they will come face-to-face with the fury of God, and its truth will bring satisfaction to their souls. God's people must know the truth. They longingly desire it. The truth is that our God is a consuming fire. He is a jealous God. He is a holy God. He is an unchanging God. He is a triune God. Our God is a God of fury. It is that God, the God of the Scriptures, whom I hope to resurrect in the hearts and minds of His people with this book.
