own. Even worse, the frustration can lead to students quitting on the material altogether and falling behind in the course. As a result, an entire class can fall behind as instructors attempt to keep everyone on the same page. With the Accounting 8e Student Learning System, all features of the student textbook, study resources and online homework system are designed to work together to provide students with more “I Get It!” moments. The consistency, repetition and strong details throughout the entire student learning system allow students to achieve success both inside and outside the classroom while keeping both instructors and students on track.

Public Financial Management covers the five major pillars of this sub-discipline of public administration: context, public finance, retirement systems, performance measurement and budgeting, and international perspectives. This text offers practitioners information valuable in their day-to-day operations, while also providing students in public administration and public management programs with a solid foundation for their own development as future professionals and researchers. Overall this volume promotes linkages between resource allocation and "value-adds" for citizens and stakeholders, driving innovations in operations and increased transparency in reporting.

Grounded in financial statements, Financial Accounting allows accountants to see not only the impact of financial transactions in financial statements, but also the impact of transactions on overall business decisions. The eighth edition offers new elements designed to sharpen Pratt’s economic decision-making foundation with a

more timely, real-world focus. Up-to-date, expanded, and detailed IFRS coverage is now included. The SEC 2014 roadmap is explored in all chapters. Comprehensive coverage of real-world financial crisis issues is presented. Accountants will also find more discussions on the increasing role of management's assessment of internal controls over financial reporting.
