While alcohol can feel like an easy relief, the truth is that alcohol can actually perpetuate your grief. This is because alcohol functions as a depressant in the body, slowing the central nervous system and brain. This makes it harder for people to process their emotions and can leave their feelings unresolved.

Maggie: A Girl of the Streets is an 1893 novella by American author Stephen Crane (1871-1900). The story centers on Maggie, a young girl from the Bowery who is driven to unfortunate circumstances by poverty and solitude. The work was considered risqué by publishers because of its literary realism and strong themes. Crane - who was 22 years old at the time - financed the book's ...

Alcoholism and Other Drug Problems offers a balanced and comprehensive account of the nature, causes, prevention, and treatment of the nation's number one public health problem. This edition of Royce's award-winning text, Alcohol Problems and Alcoholism, has been extensively updated throughout by Royce and his coauthor David Scratchley, with new chapters on drugs other than alcohol to reflect the most recent research in the field. Part I, "Alcohol and Other Drugs," examines the nature and impact of alcohol as a drug and discusses historical and contemporary cultural attitudes toward drinking in America. A new chapter on the effects that other drugs can have on the user and on the family, and treatment methods, has been added to this section. Part II, "Addiction," describes the patterns and symptoms of this complicated phenomenon. The authors also use new data to illustrate the impact that addiction can have on special groups such as children, minorities, and the elderly. Part III, "Prevention and Intervention," looks at the various techniques that have succeeded or failed in curbing drug abuse. Finally, Part IV, "Treatment and Rehabilitation," surveys the range of available treatment approaches with chapters on various twelve-step programs and new information on drugs and the law.

Approximately 600 books and other monographic titles intended for the use of professional personnel in planning educational programs. Topical arrangement. Each entry gives description, audience, order information, summary, and evaluation. Subject, title indexes.

A study on alcoholism thoroughly documented as a college text, but practical enough to be of interest to para-professionals and counselors who wish to update their knowledge, and the one million recovered alcoholics who are eager to learn more about their illness.

A timely and urgent exploration into the ways artists have grappled with race and grief in modern America In recent years, the world has seen the rise of white nationalism in America and the tragic persistence of violence against African-Americans. Featuring works by more than 30 artists and writings by leading scholars and art historians, this book -- and its accompanying exhibition -- gives voice to artists addressing concepts of mourning, commemoration, and loss and considers their engagement with the social movements, from Civil Rights to Black Lives Matter, that black grief has galvanized. Artists included: Terry Adkins, Jean-Michel Basquiat, Kevin Beasley, Dawoud Bey, Mark Bradford, Garrett Bradley, Melvin Edwards, LaToya Ruby Frazier, Charles Gaines, Theaster Gates, Ellen Gallagher, Arthur Jafa, Daniel LaRue Johnson, Rashid Johnson, Jennie C. Jones, Kahlil Joseph, Deana Lawson, Simone Leigh, Glenn Ligon, Kerry James Marshall, Julie Mehretu, Tiona Nekkie McClodden, Okwui Okpokwasili, Adam Pendleton, Quila Phillips, Howardena Pindell, Cameron Rowland, Lorna Simpson, Sable Elyse Smith, Tyshawn Sorey, Diamond Stingily, Henry Taylor, Hank Willis Thomas, Kara Walker, Nari Ward, Carrie Mae Weems, and Jack Whitten. Essays by Elizabeth Alexander, Naomi Beckwith, Judith Butler, Ta-Nehisi Coates, Massimiliano Gioni, Saidiya Hartman, Juliet Hooker, Glenn Ligon, Mark Nash, Claudia Rankine, and Christina Sharpe.
