I'm going to show you how fun and exciting it is to approach practically any woman, practically anywhere, and have an immediate humorous connection with her. Women are actively looking for those men who have the ability to unlock the code to their natural instinctive desires, and your going to learn how to develop those "Attractor Factors" that tap into a woman ' s primal needs and desires. I ' m going to let you in on a little secret. Real men want to have sex with as many beautiful women as they possibly can. I know you ' re probably shocked at this astonishing revelation, but don ' t be alarmed. It ' s not your fault, and it ' s nothing to hide or be ashamed of. In fact, if your ancestors didn ' t feel the same way, you wouldn ' t be here. It ' s important to add that most honorable men in a relationship generally restrain themselves from acting on this primal desire mostly because of love and respect and to avoid hurting their partners. However, that doesn ' t mean this powerful urge still doesn ' t exist. To this day learning to control this instinctive impulse tends to be the ultimate male dilemma. Guess what? Women desire and crave sex too. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. There is a very cool and natural way to approach and attract women so they become interested in you first, and I ' m going to show you how to do it. There ' s no doubt that women want to be sexually attractive and wanted by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman ' s primal needs and desires. You will become in so many words – simply irresistible. Attraction is not a choice. These are natural biological reactions embedded in our DNA developed over tens of thousands of years. Just as men have these responses to attractive women, so do women have similar reactions when they observe men with certain masculine traits. We often think of the male as competing with other males for the prize of mating with the female, but women, of course, also compete for the opportunity to mate with the male who has the most desirable traits. I ' m going to teach you what those masculine traits are and how you can develop and use them so that you become more attractive and irresistible to women. I ' m happy to report that some of you guys will be very relieved to know that looks aren ' t at the top of the list of attraction for women. I ' m just saying..... If you want to experience life ' s ultimate pleasure of falling in love and being in love - with all of the benefits that come with it – like incredible sex, great companionship, having someone to laugh with, someone to be there for you through good times and bad – and just having a partner to share and experience life with; then I promise to show you how to connect with her if you are willing to take the necessary steps I ' m about to share. I can ' t think of a more important decision in life that you will ever make regarding your happiness than with whom you choose to share your life. Finding a quality woman all begins with meeting her, and in order to meet her, you ' ll need to know how to approach and cause her to be attracted and interested in you.

I'm Ready deals with the lives of its four primary characters (two 17-year-old women and two men in their early twenties) questioning the universal question that none of us can escape: am I ready to lose my virginity?

Do you feel that the ability to hear God's voice is for other people and not for you? Is it only for people who lived in Biblical times? Not at all! The God who loved you enough to die for you loves you enough to talk to you. And wherever you are in your spiritual walk, God will find a way to speak to you in a way you will understand. Become acquainted with the Voice that has spoken from a fire and a cloud; with visible signs and an invisible Spirit; through a burning bush and burning hearts. Hear from some of the most well-known

A step-by-step guide to crafting a compelling scholarly book proposal—and seeing your book through to successful publication The scholarly book proposal may be academia ' s most mysterious genre. You have to write one to get published, but most scholars receive no training on how to do so—and you may have never even seen a proposal before you ' re expected to produce your own. The Book Proposal Book cuts through the mystery and guides prospective authors step by step through the process of crafting a compelling proposal and pitching it to university presses and other academic publishers. Laura Portwood-Stacer, an experienced developmental editor and publishing consultant for academic authors, shows how to select the right presses to target, identify audiences and competing titles, and write a project description that will grab the attention of editors—breaking the entire process into discrete, manageable tasks. The book features over fifty time-tested tips to make your proposal stand out; sample prospectuses, a letter of inquiry, and a response to reader reports from real authors; optional worksheets and checklists; answers to dozens of the most common questions about the scholarly publishing process; and much, much more. Whether you ' re hoping to publish your first book or you ' re a seasoned author with an unfinished proposal languishing on your hard drive, The Book Proposal Book provides honest, empathetic, and invaluable advice on how to overcome common sticking points and get your book published. It also shows why, far from being merely a hurdle to clear, a well-conceived proposal can help lead to an outstanding book.
