The EDIC is an internationally recognised qualification for medical trainees in intensive care, set by the European Society for Intensive Care Medicine (ESICM). It is a two-part examination consisting of a 100-question multiple choice paper (Part 1) and a clinical and viva voce examination (Part 2).

Multiple Choice Questions in Intensive Care Medicine ...
Multiple Choice Questions in Intensive Care Medicine stands alone as one of the very few critical care review books dedicated to multiple-choice questions. I am not sure whether the lead author, Steve Benington, M.D., had the same challenges I faced during my training, but his preface suggests that he could not find an adequate source that focused on multiple-choice questions in critical care.

multiple choice questions in intensive care medicine
Steve Benington is the author of Intensive Care Medicine McQs (4.25 avg rating, 8 ratings, 0 reviews), MCQs in Intensive Care Medicine (5.00 avg rating, ...

Intensive care medicine is a dynamic and evolving specialty, requiring its practitioners to be part physician, physiologist and anaesthetist. This requires a firm foundation of knowledge and an ability to apply this to the clinical situation. This book contains 270 multiple-choice questions allowing self-assessment of the breadth of knowledge required of the modern intensivist. The book is divided into three papers each consisting of 60 multiple true false (MTF) and 30 single best answer (SBA) questions covering areas including resuscitation, diagnosis, disease management, organ support, and ethical and legal aspects of practice. The MTF questions test factual knowledge and understanding of the evidence base underpinning intensive care medicine, while the SBA questions test the ability of the candidate to prioritise, compete options and make the best decision for the patient. Each question is peer reviewed and accompanied by concise and detailed explanatory notes with references to guide further reading. All the authors are practising intensive care physicians with firsthand experience of professional examinations in the specialty. This book will appeal to intensive care physicians approaching professional examinations worldwide, including the European Diploma, American Board and Faculty of Intensive Care Medicine examinations. In addition, it will appeal to intensive care nurses and allied healthcare professionals wishing to update their knowledge as part of continuing professional development, and to physicians sitting professional examinations in related specialties requiring knowledge of intensive care medicine such as general medicine, general surgery and anaesthesia. This new book will complement the existing international best-selling title ' Multiple Choice Questions in Intensive Care Medicine ' (ISBN 978 1 903378 64 9), also written by Dr Steve Benington.

This book contains 300 true/false and single best answer questions covering all aspects of intensive care medicine. Questions are based on the internationally recognised Competency-Based Training in Intensive Care Medicine in Europe (CoBaTrICE) syllabus. Topics include resuscitation, diagnosis, disease management, peri-operative care, organ support, applied basic science and ethical issues. Each answer is accompanied by fully referenced short notes drawn from recent review articles, landmark papers and major critical care textbooks. This book is an ideal companion for candidates approaching multiple choice examinations in intensive care medicine, including the European Diploma in Intensive Care (EDIC). It will also be a valuable teaching and learning aid for doctors preparing for oral examinations in the specialty, candidates sitting professional examinations in related specialties, and anyone involved in the care of critically ill patients.

This book provides 300 practice MCQs divided into three practice papers. Correct answers follow, accompanied by short referenced notes drawing from recent important journal articles, major critical care textbooks and selected internet resources. Since there is no other dedicated intensive care MCQ book on the market, this book is relevant to the following groups: junior intensive care trainees, senior intensive care nursing staff wishing to enhance their medical knowledge, intensive care consultants as a teaching aid and trainees preparing for professional examinations. This MCQ book will also be ideal in preparation for the European Diploma in Intensive Care Medicine (EDIC) Part 1 examination, as the questions are matched as closely as possible in style and difficulty to those in the EDIC Part 1. The EDIC is an internationally recognised qualification for medical trainees in intensive care, set by the European Society for Intensive Care Medicine (ESICM). It is a two-part examination consisting of a 100-question multiple choice paper (Part 1) and a clinical and viva voce examination (Part 2). To ensure relevance, the questions are designed with reference to the training syllabus provided by the ESICM.

Critical Care MCQs is the perfect companion for anyone sitting exams in intensive care, as a training resource or just wanting to improve their knowledge in this constantly developing area of medical practice. Written by critical care doctors with experience of UK and European examination formats, this book leads the reader through 450 true/false questions with referenced explanations, covering core syllabus topics and key influential papers to date. A detailed list of further resources and recommendations relevant to critical care revision is also provided to enable readers to further their knowledge and understanding. It is hoped that this book will prove invaluable for preparation and success in upcoming intensive care exams for both candidates and trainers. This book would be useful for not only candidates sitting the UK Final Fellowship of Intensive Care Medicine (FFICM) and European Diploma of Intensive Care (EDIC) exams, but also the Indian Diploma in Critical Care Medicine (IDCCM), the Diploma of the Irish Board of Intensive Care Medicine (DIBICM), the Australia and New Zealand Fellowship of the College of Intensive Care Medicine (CICM), American Board and any other country-related intensive care exams.

A tailor-made book of practice MCQs for the new FFICM exam, containing 270 MTF questions with full explanations and references.

This is the first comprehensive book published from India which is based on MCQs, primarily for doctors appearing for competitive exams in critical care medicine. It is also a must have for every doctor and nurse working in the ICU, as the case scenarios and latest recommendations will help them to have a better approach towards complex situations and provide better care to the patients.

Covering all four critical care board exams (anesthesiology, surgery, internal medicine, and neurology), Critical Care Medicine Review: 1000 Questions and Answers prepares you for exam success as well as clinical practice in today ' s ICU. This full-color, easy-to-use review tool provides challenging case studies, relevant images, multiple-choice board-style questions, rationales for correct and incorrect answers, and references for every question. Edited by instructors of anesthesia and critical care from Harvard Medical School and Massachusetts General Hospital, this comprehensive resource is an ideal study guide for critical care fellows, recertifying practitioners, and CCRNs.

This book provides 300 practice MCQs divided into three practice papers. Correct answers follow, accompanied by short referenced notes drawing from recent important journal articles, major critical care textbooks and selected internet resources. Since there is no other dedicated intensive care MCQ book on the market, this book is relevant to the following groups: junior intensive care trainees, senior intensive care nursing staff wishing to enhance their medical knowledge, intensive care consultants as a teaching aid and trainees preparing for professional examinations. This MCQ book will also be ideal in preparation for the European Diploma in Intensive Care Medicine (EDIC) Part 1 examination, as the questions are matched as closely as possible in style and difficulty to those in the EDIC Part 1. The EDIC is an internationally recognised qualification for medical trainees in intensive care, set by the European Society for Intensive Care Medicine (ESICM). It is a two-part examination consisting of a 100-question multiple choice paper (Part 1) and a clinical and viva voce examination (Part 2). To ensure relevance, the questions are designed with reference to the training syllabus provided by the ESICM.

Containing 240 practice questions, this is the first dedicated study resource for the SBA component of the Final FFICM examination.
