So I m looking at a Craftsman 18.5HP with a Briggs and Stratton INTEK engine and a Troy Built with a Kohler Command 16HP engine. I m leaning towards the Kohler because I ve heard it s a better engine. I also know the Kohler has a pressurized lubrication system and oil filter. I m not so sure about the Intek, but it s 2.5HP more (lol)!!!!

I recently picked up a John Deere L120 with a 20 horsepower Briggs & Stratton Intek (V twin). When I picked it up, the mower didn't run but would crank, I put in fresh fuel, new spark plugs, new oil and a new oil filter. The mower ran after that but very rough. I determined the carburetor was dirty and cleaned it.

month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

We are living in an age when 'nature' seems to be on the brink of extinction yet, at the same time, 'nature' is becoming increasingly ubiquitous and unstable as a category for representation and debate. Futurenatural brings together leading theorists of culture and science to discuss the concept of 'nature' - its past, present and future. Contributors discuss the impact on our daily life of recent developments on biotechnologies, electronic media and ecological politics. Increasingly, scientific theories and models have been taken up as cultural metaphors that have material effects in transforming 'ways of seeing' and 'structures of feeling'. The book addresses the issue of whether political and cultural debates about the body and environment can take place without reference to 'nature' or the 'natural'. This collection considers how we might 'think' a future developing from emergent scientific theories and discourses. What cultural forms may be produced when new knowledges challenge and undermine traditional ways of conceiving the 'natural'.

This practical, step-by-step guide advises on how to repair Briggs and Stratton engines, which power a wide variety of lawn mowers, garden tools, go-karts, air compressors and other light utility units. This edition has been updated to include current information on both new and old engines, as well as a new section on engine components and types.

Henry Rust (d.ca. 1684/1685) emigrated from Hingham, Norfolk County, England to Hingham, Massachusetts in about 1634/1635, and moved to Boston, Massachusetts in 1645. Descendants and relatives lived in New England, New York, New Jersey, Michigan, Illinois, Kansas, Wisconsin and elsewhere. Includes some history of the Rust family in England and Germany to 1312, as well as other Rust individuals who immigrated to Pennsylvania from Germany and to Virginia and elsewhere in the south from England.

The Nag Hammadi Scriptures, edited by Marvin Meyer, is the most complete, up-to-date, one-volume, English-language edition of the renowned library of Gnostic manuscripts discovered in Egypt in 1945, which rivaled the Dead Sea Scrolls find in significance. It includes the Gospel of Thomas, the Gospel of Mary, and the recently discovered Gospel of Judas, as well as other Gnostic gospels and sacred texts. This volume also includes introductory essays, notes, tables, glossary, index, etc. to help the reader understand the context and contemporary significance of these texts which have shed new light on early Christianity and ancient thought. The compilation of ancient manuscripts that constitute The Nag Hammadi Scriptures is a discovery that challenges everything we thought we knew about the early Christian church, ancient Judaism, and Greco-Roman religions.
