range of faculties that are often confused and conflated: agency (understood as a causal capacity), subjectivity (understood as a representational capacity), selfhood (understood as a reflexive capacity), and personhood (understood as a

Get Free

Limiting

sociopolitical
capacity attendant
on being an agent,
subject, or self). It
argues that these
facilities are best
understood from a
semiotic stance
that supersedes
the usual
intentional stance.
And, in so doing, it
offers a pragmatis
m-grounded

Get Free

Limiting

approach to meaning and mediation that is general enough to account for processes that are as embodied and embedded as they are articulated and enminded. In particular, while this theory is focused on human-specific modes of

Get Free

Limiting

meaning, it also offers a general theory of meaning, such that the agents, subjects and selves in question need not always, or even usually, map onto persons. And while this theory foregrounds agents, persons, subjects and

Get Free

Limiting

selves, it does this by theorizing processes that often remain in the background of such (often erroneously) individuated figures: ontologies (akin to culture, but generalized across agentive collectivities), interaction (not only between

Get Free

Limiting

people, but also
between people
and things, and
anything outside or
in-between), and
infrastructure (akin
to context, but
generalized to
include mediation
at any degree of
remove).
