This book celebrates the work of Don Pigozzi on the occasion of his 80th birthday. In addition to articles written by leading specialists

Read PDF Logic Systems N4

and his disciples, it presents Pigozzi's scientific output and discusses his impact on the development of science. The book both catalogues his works and offers an extensive profile of Pigozzi as a person, sketching the most important events, not only related to

Read PDF Logic Systems N4

his scientific activity, but also from his personal life. It reflects Pigozzi's contribution to the rise and development of areas such as abstract algebraic logic (AAL), universal algebra and computer science, and

Read PDF Logic Systems N4

introduces new scientific results. Some of the papers also present chronologically ordered facts relating to the development of the disciplines he contributed to, especially abstract algebraic logic. The book offers valuable source
