Reveals the story behind intensely secretive Si Newhouse's powerful thirteen-billion-dollar media empire

From the Bestselling Author and Television Producer of *Masters of Sex*, a True Story of the Intrigue and Infighting of Condé Nast, Anna Wintour, S. I. Newhouse Jr., and Tina Brown, and Optioned by Sony Television Productions *Inside the Condé Nast* magazine world run by billionaire S. I. Newhouse Jr., Anna Wintour and Tina Brown were bold and talented British women who fought their way to the top of this male-dominated American industry driven by greed and betrayal. Wintour became an icon of fashion and New York ' s high society, while Brown helped define the intersection of literary culture and Hollywood celebrity. They jockeyed for power in the hypercompetitive “ off with their heads ” atmosphere set up by Newhouse and his longtime creative guru Alex Liberman, two men who for years controlled the glossy Condé Nast magazines that dictated how women should look, dress, and feel. In turning this world upside down, Wintour and Brown challenged the old rules and made Newhouse ' s company internationally famous. Ultimately, one of them won in their fascinating struggle for fame and fortune during the height of New York ' s gilded age of print—a time before the internet, before 9/11, when the Reagans ruled the White House and Donald Trump was a mere local developer featured on the cover of Newhouse ' s publications. This book traces the careers of Wintour and Brown and shows how they and the Condé Nast media empire were major media enablers in the rise of Donald Trump and Hollywood mogul Harvey Weinstein. At its heart, *All That Glitters* is a parable about the changes in America ' s media, where corruption and easy compromises are sprinkled with glitter, power, and glory. Originally titled *Newhouse*, this revised and updated edition, with a new introduction and afterword, won the 1994 Frank Luther Mott Award for best researched media book of the year.

An acclaimed biographer takes on one of the world's most elusive media moguls in *Citizen Newhouse*. The harvest of four years and over 400 interviews, Carol Felsenthal's book is an unauthorized investigative biography that paints a tough yet even-handed portrait. Here is the father, Sam Newhouse, who developed a formula for creating newspaper monopolies in small metropolitan markets and turned it into a huge family fortune. And the sons: Si in the magazine business, with his crown jewels, *The New Yorker*, *Vanity Fair*, and *Vogue*, and

Donald, who runs the family's newspaper and cable television companies. Focusing on Si's life and career, Citizen Newhouse takes the measure of one of America's most powerful yet unexamined figures. Felsenthal shows how Si's quirky behavior as a shy and awkward outsider has had a far-reaching impact on the properties he owns, affecting—and in the opinion of some, compromising—the quality of the Newhouse "product" across the country and the world. Felsenthal shines a light on the breathtaking changes that have taken place among Si ' s top editors, and the fabulous perks available to members of this elite. She also lays bare the role played by Roy Cohn in the affairs of both father and son. Citizen Newhouse provides a fascinating account of powerful and glamorous lives—and their impact on the newspapers and magazines we read every day.
