The first in a two-volume set of selected papers presented at the 3rd Pan-African Conference on Reading for All, in Kampala, Uganda. This volume considers literacy within the formal education system in Africa, bringing international perspectives to the topic. It documents programs that are working to improve practices and the teaching of reading in schools and literacy in more than one language, presenting case studies from Tanzania, Uganda, Zambia, and Nigeria. It addresses the subject of developing culturally appropriate educational and literacy materials, particularly in African languages. The final section considers more esoteric debates about cultural barriers to reading and the development of a reading culture, and the cultural differences in reading and interpretation of literary texts.

This reimagining of the Robin Hood legend tells the story of the young boy behind the bandit hero's rise to fame. Will Shackley is the son of a lord, and though just thirteen, he's led a charmed, protected life and is the heir to Shackley House, while his father is away on the Third Crusade with King Richard the Lionheart. But with King Richard's absence, the winds of treason are blowing across England, and soon Shackley House becomes caught up in a dangerous power struggle that drives Will out of the only home he's ever known. Alone, he flees into the dangerous Sherwood Forest, where he joins an elusive gang of bandits readers will immediately recognize. How Will helps a drunkard named Rob become one of the most feared and revered criminals in history is a swashbuckling ride perfect for anyone who loves heroes, villains, and adventure. From the Hardcover edition.

Principles of Physics is a well-established popular textbook which has been completely revised and updated.

This World Bank report is a rich compilation of information on teaching learning materials (TLM) in Africa based on the extensive and multi-faceted experience of the author's work in the education sector in Africa. The study examines a wide range of issues around TLM provision including curriculum, literacy and numeracy, language of instruction policy, procurement and distribution challenges, TLM development and production and their availability, management and usage in schools. It also looks at the role of information and communication technology (ICT) based TLMs and their availability. The study recognizes that improved TLM system management is a critical component in achieving affordable and sustainable TLM provision for all students. This study, which draws from more than 40 Anglophone, Francophone, Lusophone, and Arabic-speaking countries will be particularly useful for policymakers, development partners, and other stakeholders attempting to understand the wide range of issues surrounding the complexity of textbook provision in Sub Saharan Africa.
