Oxford University Press :: Oxford Primary Atlas for South ...

Atlas is a bronze statue in Rockefeller Center, within the International Building's courtyard, in Midtown Manhattan in New York City. It is across Fifth Avenue from St. Patrick's Cathedral. The sculpture depicts the ancient Greek Titan Atlas holding the heavens on his shoulders. Atlas was created by the sculptor Lee Lawrie with the help of Rene Paul Chambellan and was installed in 1937.

Provides maps and satellite photography that reflect the most recent political, economic, and demographic statistics, and presents articles addressing the environment and population matters in major cities of the world.

The only world atlas updated annually, guaranteeing that users will find the most current geographic

information, Oxford's Atlas of the World is the most authoritative atlas on the market. Full of crisp, clear cartography of urban areas and virtually uninhabited landscapes around the globe, the Atlas is filled with maps of cities and regions at carefully selected scales that give a striking view of the Earth's surface. It opens with a fascinating look at world statistics, a six-page special on "Plastic Pollution" and satellite images of earth, including 8-10 stunning new images specially sourced and processed for this atlas by experts. The extraordinarily extensive front matter continues with a "Gazetteer of Nations" that has been comprehensively checked and updated to include recent economic and political changes. The 48-page "Introduction to World Geography" is beautifully illustrated with tables and graphs on numerous topics of geographic significance, such as climate change, oceans and seas, population and cities, migrants and refugees, conflict and co-operation, energy and minerals, tourism and travel, health, wealth and standards of living. The hundreds of city and world maps that form the body of the Atlas have been thoroughly updated for this 27th edition. Providing the finest global coverage available, the Atlas of the World is not only the best-selling volume of its size and price, but also the benchmark by which all other atlases are measured.

Atlas.

Created for all global citizens, this universally respected volume of world maps has been completely revised and updated with fascinating visualizations of international trends and global conditions. National Geographic's flagship Atlas of the World, now in its 11th edition, provides authoritative maps of every country, ocean, and region of the world, as well as thematic maps and accompanying graphics showing important population, environmental, and economic patterns. Organized by continent and reflecting today's political boundaries and identities, this authoritative atlas is an indispensable reference for schools and libraries, as well as the latest resource for home browsing and study. A thematically organized opening section uses current data to visualize urgent concerns, such as Earth's last wild places, changing freshwater availability, human migration and refugee movement, and human rights conditions globally. The back of the book contains basic facts and flags of every country, as well as a comprehensive index cross-referencing more than 150,000 place names. A thought-provoking foreword by Alexander M. Tait, The Geographer of National Geographic, begins the book.

" ... examines each region in depth, with information about its position on the globe, its landscape, and the people who live there"--P. [2] of cover.

The Oxford Primary Atlas is a clear, bright and informative atlas for all 7-11 year olds. It includes up-to-date country data and easy-to-read colourful mapping. It introduces primary school pupils to key geographical themes and topics, matched to curriculum requirements, including landscapes, water, settlements, connections, and environments.

Gathers detailed color maps of every region of the world, as well as world statistical information and color maps of major cities, and includes pictures of the flags of the nations.

The most engaging 10-14 atlas, now updated and even better.
