Pax Indica: India and the World of the 21st Century ...

The DNA has carried a slightly shorter version of my review of Shashi Tharoor' s book Pax Indica Pax Romana or the Roman Peace is a Latin Term used to describe the, slightly over two hundred year period, when the Roman Empire saw relative peace and prosperity. It was a period when the Republic made way for the Emperor (Augustus); various warring factions within Rome were brought to heel; the Empire was kept safe from invasion and the military expansion was kept to a minimum.

When interests and principles collide - The Hindu

Pax Indica: India and the World in the Twenty-first Century is a 2012 non-fiction book written by Shashi Tharoor, about India's foreign policy.

Pax Indica - Wikipedia

Pax Indica, or the Indian peace, is Shashi Tharoor ' s look at modern India. Tharoor ' s basic hypothesis is that India can use a combination of her size, trade prowess, soft power and growing influence in the world to ensure an age of domestic transformation. As far as Tharoor is concerned, " pax Indica " is a foreign policy that allows India to play a role in developing a contemporary " peace system " that will help " promote and maintain a period or co-operative co-existence " .

Indian diplomacy, a veteran told Shashi Tharoor many years ago, is like the love- making of an elephant: it is conducted at a very high level, accompanied by much bellowing, and the results are not known for two years. In this lively, informative and insightful work, the award-winning author and parliamentarian brilliantly demonstrates how Indian diplomacy has become sprightlier since then and where it needs to focus in the 21st century. Explaining why foreign policy matters to an India focused on its own domestic transformation, Tharoor surveys the country's major international relationships, evokes its soft power and global responsibilities, analyses the workings of the Ministry of External Affairs and parliament and assesses the impact of public opinion on government policy. Indeed, Tharoor presents his ideas about a contemporary new grand strategy for the nation, arguing that India must move beyond non-alignment to multi-alignment. This book sets out a clear vision of an India now ready to assume global responsibility in the contemporary world. Pax Indica is another substantial achievement from one of our finest Indian authors.

In this lively, informative and insightful book, Shashi Tharoor brilliantly demonstrates how Indian diplomacy has come of age and forecasts where it will need to focus in the new millennium. He surveys India ' s major international relationships in detail, evokes the country ' s soft power and offers his thoughts on a new ' grand strategy ' for the nation, arguing that India must move beyond non-alignment to multi-alignment. Stimulating, reflective, elegantly written and passionately engaged, Pax Indica is another substantial achievement from one of the finest Indian authors of our times.

'Indian diplomacy,' a veteran told Shashi Tharoor many years ago, 'is like the love-making of an elephant: it is conducted at a very high level, accompanied by much bellowing, and the results are not known for two years.' In this lively, informative and insightful work, the award-winning author and parliamentarian brilliantly demonstrates how Indian diplomacy has become sprightlier since then and where it needs to focus in the 21st century. Explaining why foreign policy matters to an India focused on its own domestic transformation, Tharoor surveys the country's major international relationships, evokes its soft power and global responsibilities, analyses the workings of the Ministry of External Affairs and parliament and assesses the impact of public opinion on government policy. Indeed, Tharoor presents his ideas about a contemporary new grand strategy for the nation, arguing that India must move beyond 'non-alignment' to 'multi-alignment'. This book sets out a clear vision of an India now ready to assume global responsibility in the contemporary world. Pax Indica is another substantial achievement from one of our finest Indian authors.

In this award-winning novel, Tharoor has masterfully recast the two-thousand-year-old epic, The Mahabharata, with fictional but highly recognizable events and characters from twentieth-century Indian politics. Nothing is sacred in this deliciously irreverent, witty, and deeply intelligent retelling of modern Indian history and the ancient Indian epic The Mahabharata. Alternately outrageous and instructive, hilarious and moving, it is a dazzling tapestry of prose and verse that satirically, but also poignantly, chronicles the struggle for Indian freedom and independence.

For More Than Four Decades After Gaining Independence, India, With Its Massive Size And Population, Staggering Poverty And Slow Rate Of Growth, Was Associated With The Plodding, Somnolent Elephant, Comfortably Resting On Its Achievements Of Centuries Gone By. Then In The Early 1990S The Elephant Seemed To Wake Up From Its Slumber And Slowly Begin To Change Until Today, In The First Decade Of The Twenty-First Century, Some Have Begun To See It Morphing Into A Tiger. As India Turns Sixty, Shashi Tharoor, Novelist And Essayist, Reminds Us Of The Paradox That Is India, The Elephant That Is Becoming A Tiger: With The Highest Number Of Billionaires In Asia, It Still Has The Largest Number Of People Living Amid Poverty And Neglect, And More Children Who Have Not Seen The Inside Of A Schoolroom Than Any Other Country. So What Does The Twenty-First Century Hold For India? Will It Bring The Strength Of The Tiger And The Size Of An Elephant To Bear Upon The World? Or Will It Remain An Elephant At Heart? In More Than Sixty Essays Organized Thematically Into Six Parts, Shashi Tharoor Analyses The Forces That Have Made Twenty-First Century India And Could Yet Unmake It. He Discusses The Country S Transformation In His Characteristic Lucid Prose, Writing With Passion And Engagement On A Broad Range Of Subjects, From The Very Notion Of Indianness In A Pluralist Society To The Evolution Of The Once Sleeping Giant Into A World Leader In The Realms Of Science And Technology; From The Men And Women Who Make Up His India Gandhi And Nehru And The Less Obvious Ramanujan And Krishna Menon To An Eclectic Array Of Indian Experiences And Realities, Virtual And Spiritual, Political And Filmi. The Book Is Leavened With Whimsical And Witty Pieces On Cricket, Bollywood And The National Penchant For Holidays, And Topped Off With An A To Z Glossary On Indianness, Written With Tongue Firmly In Cheek. Diverting And Instructive As Ever, Artfully Combining Hard Facts And Statistics With Personal Opinions And Observations, Tharoor Offers A Fresh, Insightful Look At This Timeless And Fast-Changing Society, Emphasizing That India Must Rise Above The Past If It Is To Conquer The Future.

Surveys the main features of contemporary Indian foreign policy.

This has been a time of unprecedented change in the country. The transformation of India's politics, economy, foreign policy, media, civil rights, governance and a myriad other aspects of our society and government has been swift and disruptive, sometimes brutally so. Narendra Modi, the nation's new Prime Minister, and his Bharatiya Janata Party, dominate the political scene, as the Congress once did, and are attempting to change the way we work, think, pray and conduct ourselves as citizens of the planet's most populous democracy. There are signs that the nation is moving in directions that will benefit its people—the economy has begun to revive, its foreign policy appears to be purposefully pursuing a visible place in the world, polls show that a significant percentage of the nation's youth are optimistic about the future; at the same time, there are serious concerns about the rise of majoritarianism and religious fundamentalism (often, this is one and the same thing), a disquieting intolerance of free speech, dissent and religious freedom; moreover, there appears to be no end to corruption, hate speech, criminals in politics, terrorism, violence against women, bureaucratic lethargy, governmental incompetence, endemic poverty, environmental degradation, and a host of other problems that India has been struggling to overcome for decades. What does the future hold? Is the promise of good times a mere illusion? Have we forgotten the democratic, humane, secular and liberal values that our founding fathers endowed us with? Are high-speed trains and missions to Mars eclipsing the vital need to achieve universal literacy, eradicate poverty, and provide food, shelter and health-care for all? Shashi Tharoor, one of our most distinguished and insightful writers, attempts to answer these and other important questions and demystify the complex issues that have been thrown up by the ongoing transformation of the nation. After chronicling India's transformation over the years in several previous books, he brings his insights into Indian society, economics and politics up to date in wide-ranging short essays that extend the narrative right up to the present time. Lucid, brilliantly argued, balanced and illuminating, India Shastra is required reading for anyone who wishes to understand today's India

Shashi Tharoor delivers an incisive biography of the great secularist who—alongside his spiritual father, Mahatma Gandhi—led the movement for India 's independence from British rule and ushered his newly independent country into the modern world. The man who would one day help topple British rule and become India 's first prime minister started out as a surprisingly unremarkable student. Born into a wealthy, politically influential Indian family in the waning years of the Raj, Jawaharlal Nehru was raised on Western secularism and the humanist ideas of the Enlightenment. Once he met Gandhi in 1916, Nehru threw himself into the nonviolent struggle for India 's independence, a struggle that wasn 't won until 1947. India had found a perfect political complement to her more spiritual advocate, but neither Nehru nor Gandhi could prevent the horrific price for independence: partition. This fascinating biography casts an unflinching eye on Nehru 's heroic efforts for, and stewardship of, independent India and gives us a careful appraisal of his legacy to the world.

The Sunday Times Top 10 bestseller on India's experience of British colonialism, by the internationally-acclaimed author and diplomat Shashi Tharoor 'Tharoor's impassioned polemic slices straight to the heart of the darkness that drives all empires ... laying bare the grim, and high, cost of the British Empire for its former subjects. An essential read' Financial Times In the eighteenth century, India's share of the world economy was as large as Europe's. By 1947, after two centuries of British rule, it had decreased six-fold. The Empire blew rebels from cannon, massacred unarmed protesters, entrenched institutionalised racism, and caused millions to die from starvation. British imperialism justified itself as enlightened despotism for the benefit of the governed, but Shashi Tharoor takes demolishes this position, demonstrating how every supposed imperial 'gift' - from the railways to the rule of law - was designed in Britain's interests alone. He goes on to show how Britain's Industrial Revolution was founded on India's deindustrialisation, and the destruction of its textile industry. In this bold and incisive reassessment of colonialism, Tharoor exposes to devastating effect the inglorious reality of Britain's stained Indian legacy.

In China's Public Diplomacy, Ingrid d'Hooghe provides a thorough analysis of how China's approach to public diplomacy is shaped by the country's political system and Chinese culture.
