Online Library Political Ideologies An Introduction 3rd Edition

Andrew Heywood

A clear and accessible introduction to the political creeds and doctrines that have dominated and shaped politics around the world. The sixth edition has been thoroughly updated throughout and now has a new chapter on the rise of religious politics and Islamism and an improved page design to aid student learning.

This substantially revised third edition of the leading text on political ideologies takes full account of the impact of the post-Cold War world order, the challenge of postmodernism, the advance of globalization, and the advent of global terrorism, and includes additional coverage of the prospects for ideologies in the 21st century.

Political Ideologies provides a broad-ranging introduction to both the classical and contemporary political ideologies. Adopting a global outlook, it introduces readers to ideologies' increasingly global reach and the different national versions of these ideologies. Importantly, ideologies are presented as frameworks of interpretation and political commitment, encouraging readers to evaluate how ideologies work in practice, the problematic links between ideas and political action, and the impact of ideologies. Regular learning

Online Library Political Ideologies An Introduction 3rd Edition

Andrew Heywood

features encourage readers to think critically about ideologies, and view them as competing and contestable ways of interpreting the world. A unique "stop and think" feature calls for readers to reflect on their own ideological beliefs. Online Resources: Political Ideologies is accompanied by comprehensive online resources, to support political ideology courses. For students: * Further reading and resources for each chapter to help students to undertake further research and deepen their understanding and critical thinking; * Regular updates help students to keep up to date with ideologies as frameworks of understanding and political action in the real world. For lecturers: * Indicative answers to questions in the book provide a framework for approaching these; * Powerpoint slides to support each chapter, providing an overview and key points to help with planning; * Further discussion and debate ideas, for use in seminars, encourage big picture thinking about the relationships between ideologies.

The second edition of this user-friendly text for students taking introductory courses in politics builds on the success of the first edition. It provides completely updated and stimulating coverage of topics essential to the understanding of contemporary politics. Ideal for students taking combined degrees at introductory level in politics and the social sciences, it emphasises the individual and social

Online Library Political Ideologies An Introduction 3rd Edition

Andrew Heywood

dimension of politics and covers theories and concepts in an accessible way. New features in the second edition include: * new examples drawn from Western democracies and other political systems * expanded sections on nationalism, religion, alternative politics, globalisation and ethnic conflict * updated examples from the most contemporary political events * biographies of key political thinkers and figures.

The fifth edition of this leading text on political ideologies provides a clear and accessible introduction to the political creeds and doctrines that have dominated and shaped world politics. Ranging from traditional nineteenth-century ideologues such as liberalism, conservatism and socialism, to so-called 'new' ideologies such as feminism, ecologism and political Islam, the author offers a clear exposition both of the historical development of each ideology and the impact each has had on contemporary political movements, parties and governments. Their distinctive ideas and values are highlighted, together with the competing, and sometimes conflicting, traditions which they have generated. This new edition has been thoroughly revised and updated throughout, with extended coverage given to key current issues such as multiculturalism and neo-conservatism. Andrew Heywood's uniquely student-friendly writing style is now supported by

Online Library Political Ideologies An Introduction 3rd Edition

Andrew Heywood

a range of learning features in each chapter. • Ideology Previews outline the nature of the ideologies and their central themes • On-page definitions give quick-reference explanations of key terms • Illustrated 'Key Figure' Profiles provide detail on important thinkers and their major ideas • 'Key Concept' boxes explore and unpack important ideas • Boxes on 'Perspectives' and 'Tensions' outline the differences within and between ideological traditions • Questions help to apply and reinforce understanding

Ideologies legitimize politics, outline basic values, socialize individuals, facilitate communication, and mobilize people - in short, their study makes for a great entry into the study of political theory and the discipline of political science. A source both of stability and instability, concord and conflict, the ideologies explored in this anthology show the dynamics of politics through the study of ideas. With 18 of 49 selections new to this edition, Dogmas and Dreams signals a renewed emphasis on political ideologies showing how public discourse - for better or for worse - reflects the complexity and chaos of an increasingly global world. With Nancy Love's concise and insightful introductions, original selections by influential thinkers, challenge students to question their political convictions and thus discover and explore their own political beliefs.

Online Library Political Ideologies An Introduction 3rd Edition

Andrew Heywood

This text provides a broad-ranging thematic introduction to the Western tradition of political thought. Following a chronological introductory chapter illustrated with charts of key thinkers and works for each period, the core chapters focus on central issues in political theory: the ends of politics; the location of political power; the exercise of political authority and challenges to it. The thematic organization of the book combines detailed coverage of such "great names" as Plato, Aristotle, Aquinas, Machiavelli, Hobbes, Locke, Rousseau, Marx and Mill with assessments of the contributions of an exceptionally wide range of other theorists. The ideas of various thinkers are clearly related to one another and to the different contexts in which they were produced.

"This book provides an engaging and intellectually challenging introduction to political ideologies, while at the same time giving an accessible route into the subject for those new to politics. Supported by an outstanding companion website, it has strong claims to be the best undergraduate textbook on ideologies on the market." Dr. Mike Gough, University of East Anglia Introduction to Political Theory is a text for the 21st century. It shows students why an understanding of theory is crucial to an understanding of issues and events in a

Online Library Political Ideologies An Introduction 3rd Edition

Andrew Heywood

rapidly shifting global political landscape. Bringing together classic and contemporary political concepts and ideologies into one book, this new text introduces the major approaches to political issues that have shaped the modern world, and the ideas that form the currency of political debate. Introduction to Political Theory relates political ideas to political realities through effective use of examples and cases studies making theory lively, contentious and relevant. This thoroughly revised and updated second edition contains new chapters on global justice and political violence, as well as an expanded treatment of globalisation and the state. A wide range of pedagogical features helps to clarify, extend and apply students' understanding of the fundamental ideologies and concepts. This is comprised of:

- Case studies demonstrate how political ideas, concepts and issues manifest in the real world
- 'Focus' boxes encourage students to appreciate alternative viewpoints
- A range of thought provoking photographs challenge students to examine concepts from a different angle
- Suggestions for further reading and weblinks are also provided to help students to further their understanding

Introduction to Political Theory is accompanied by an innovative website with multiple choice questions, biographies of key figures in political theory, further case studies and an innovative 'how to read' feature which helps students get to grips with difficult primary texts.

Online Library Political Ideologies An Introduction 3rd Edition

Andrew Heywood

Twenty years since the publication of the Second Edition and more than thirty years since the publication of the original book, *Racial Formation in the United States* now arrives with each chapter radically revised and rewritten by authors Michael Omi and Howard Winant, but the overall purpose and vision of this classic remains the same: Omi and Winant provide an account of how concepts of race are created and transformed, how they become the focus of political conflict, and how they come to shape and permeate both identities and institutions. The steady journey of the U.S. toward a majority nonwhite population, the ongoing evisceration of the political legacy of the early post-World War II civil rights movement, the initiation of the 'war on terror' with its attendant Islamophobia, the rise of a mass immigrants rights movement, the formulation of race/class/gender 'intersectionality' theories, and the election and reelection of a black President of the United States are some of the many new racial conditions *Racial Formation* now covers.
