play games, but when it's time to build something it's suddenly every tool for itself. Working alone, each tool soon realizes that to make something great all need to cooperate! Young children will love the irresistible bold artwork and fun rhyming text as they learn that a little teamwork can make a big difference. Tool School introduces some of the most basic household tools, and cool tips explain how to successfully use them with the help of a grown-up!

What happens when your gender doesn't fit neatly into the categories of male or female? Even mundane interactions like filling out a form or using a public bathroom can be a struggle when these designations prove inadequate. In this groundbreaking book, thirty authors highlight how our experiences are shaped by a deeply entrenched gender binary. The powerful first-person narratives of this collection show us a world where gender exists along a spectrum, a web, a multidimensional space. Nuanced storytellers break away from mainstream portrayals of gender diversity, cutting across lines of age, race, ethnicity, ability, class, religion, family, and relationships. From Suzi, who wonders whether she'll ever "feel" like a woman after living fifty years as a man, to Aubri, who grew up in a cash-strapped fundamentalist household, to Sand, who must reconcile the dual roles of trans advocate and therapist, the writers' conceptions of gender are inextricably intertwined with broader systemic issues. Labeled gender outlaws, gender rebels, genderqueer, or simply human, the voices in *Nonbinary* illustrate what life could be if we allowed the rigid categories of "man" and "woman" to loosen and bend. They speak to everyone who has questioned gender or has paused to wonder, What does it mean to be a man or a woman—and why do we care so much?

Gerrard's Legacy A collection of powerful magical artifacts is the only defense against the forces of evil that are arrayed against Dominaria. Gerrard, the heir to the Legacy, together with Sisay, captain of the flying ship Weatherlight, has sought out many parts of the Legacy. Gerrard's Quest Sisay has been kidnapped by Volrath, ruler of the plane of Rath. Gerrard stands at a crossroads. His companion is in danger, the Legacy may be lost forever. Only he—with the loyal crew of the Weatherlight— can rescue Sisay and recover the Legacy.

THE PRINCETON REVIEW GETS RESULTS! Ace the GRE verbal sections with 800+ words you need to know to excel. Firsthand accounts from the attorneys and advocates who brought the historic cases and fought to secure the freedom to marry for same-sex couples. The June 2015 decision in *Obergefell v. Hodges* was a sweeping victory for the freedom to marry, but it was one step in a long process. *Love Unites Us* is the history of activists' passion and persistence in the struggle for marriage rights for same-sex couples in the United States, told in the words of those who waged the battle. Launching the fight for the freedom to marry had neither an obvious nor an uncontested strategy. To many activists, achieving marriage equality seemed far-fetched, but the skeptics were proved wrong in the end. Proactive arguments in favor of love, family, and commitment were more effective than arguments that focused on rights and the goal of equality at work. Telling the stories of people who loved and cared for one another, in sickness and in health, cut through the antigay noise and moved people—not without backlash and not overnight, but faster than most activists and observers had ever imagined. With compelling stories from leading attorneys and activists including Evan Wolfson, Mary L. Bonauto, Jon W. Davidson, and Paul M. Smith, *Love Unites Us* explains how gay and lesbian couples achieved the right to marry. “An exceptional piece of work by courageous and innovative leaders.” —Eric H. Holder Jr., 82nd US attorney general “Captures the amazing story of the fight for marriage equality—in California and around the country. A remarkable journey recounted with truth and
