I will not surrender to terrorism By Mr.Gijo Vijayan. This book aims at preventing a person from becoming a terrorist. The author aim at killing the motive behind terrorism, whatever may be the reason behind. Forgive and forget, the world will be safer. An eye for an eye make the whole world blind, said Mahatma Gandhi. If you know anyone, who has extreme and radical views on religion or any ideology, that cause harm to society. This book can be an eye opener to narrow minded people, who think I am right and whole world is wrong. Stop revenge, forgive and forget, the world will be safer. For nations to live in peace, stop quest for dominance, stop trying to grab someone's land or sea. More investment in military makes common people suffer indirectly. Billions of dollars spent on military expenses can be diverted for betterment of the lives of people, if there is no friction between nations. Billions of dollars spent on atom bombs, missiles, ships, fighter planes etc will eventually of no use to the betterment of humanity. If a third world war occurs, there won't be anyone left to celebrate victory, so it is foolishness to wage war in the name of any ideology or religion.There is only One way to stop terrorism - Education. When millions of people refuse to become terrorist at any cost - by applying thought, the purpose of this book is achieved. To kill terrorism, we must kill the motivation behind terrorism. When you refuse to become a terrorist, you make the world safer. When millions of people around the world refuse to become terrorists, we all win. So, take a pledge today itself, -I will not become a terrorist. -I will not allow my kids to become terrorists. -I will not change my mind, because of people or circumstances around me. -No media, politics or religion can manipulate me. -I will help misguided people to leave the path of terrorism.

Check out What Others Are Saying.. "This is one of the best self-help books I've read. It actually made sense and addressed what it said it would do, which in my opinion is a rarity in these types of books. Like any self-help book, you must read it smart and not take everything the author says as gospel, but see how much of it really applies to what you are looking for. I highly recommend it for anyone hanging on to a lot of old hurts and struggling to get past certain portions of their life. If you have 'stuff' back there that is hindering the here and now, then I highly suggest it.- Audrey, August 2015 Live the life of happiness, peace and fulfilment that you deserve.
