Overview. Captain Vidarian Rulorat's great-grandfather gave up an imperial commission to commit social catastrophe by marrying a fire priestess. For love, he unwittingly doomed his family to generations of a rare genetic disease that follows families who cross elemental boundaries. Now Vidarian, the last surviving member of the Rulorat family, struggles to uphold his family legacy, and finds himself chained to a task as a result of the bride price his great-grandfather paid: The priestess ...

Sword of Fire and Sea. Though the coastal island of Siane's Eye was lush with whispering palms and tropical flowers too exotic for the names of men, the wind that swept ever outward from its alabaster monuments came chill as a lifetime of penance. It prickled Vidarian's skin, but he hardened himself to it; the Sisters would not see a Rulorat captain hiding his hands like a saltless boy.

But beyond that, Sword of Fire and Sea is essentially an adventure fantasy akin to the adventure novels of the romantic period. There isn't anything wrong with this, but it is important to recognize. A great deal of the novel is occupied with action: ships in combat, the heroes fighting back enemies of various shapes and sizes, heavy uses of magic, searching for enormous mystical creatures and combating unknowns.

Captain Vidarian Rulorat's great-grandfather gave up an imperial commission to commit social catastrophe by marrying a fire priestess. For love, he unwittingly doomed his family to generations of a rare genetic disease that follows families who cross elemental boundaries. Now Vidarian, the last surviving member of the Rulorat family, struggles to uphold his family legacy, and finds himself chained to a task as a result of the bride price his great-grandfather paid: The priestess Endera has called upon Vidarian to fulfill his family's obligation by transporting a young fire priestess named Ariadel to a water temple far to the south, through dangerous pirate-controlled territory. Vidarian finds himself at the intersection not only of the world's most volatile elements, but of the ancient and alien powers that lurk between them...

This first novel of an epic fantasy trilogy reintroduces readers to the beloved and bestselling world of Deverry, blending magic, politics, and adventure in an unforgettable setting. The bards are the people's voice--and their sword. All over the kingdom of Deverry, the common people are demanding reform of the corrupt law courts. In Aberwyn, the situation catches fire when Gwerbret Ladoic, second in authority only to the High King, allows a bard to starve to death rather than hear their grievances. Guildwoman Alyssa, a student at the local scholars' collegium, and Lady Dovina, the gwerbret's own daughter, know that evidence exists to overthrow the so-called traditional legal system, if they can only get it into the right hands. The powerful lords will kill anyone who threatens their privileges. To retrieve the proof, Alyssa must make a dangerous journey that will either change her life forever--or end it.

When Arkansas seceded from the Union in 1861, it was a thriving state. But the Civil War and Reconstruction left it reeling, impoverished, and so deeply divided that it never regained the level of prosperity it had previously enjoyed. Although most of the major battles of the war occurred elsewhere, Arkansas was critical to the Confederate war effort in the vast Trans-Mississippi region, and Arkansas soldiers served—some for the Union and more for the Confederacy—in every major theater of the war. And the war within the state was devastating. Union troops occupied various areas, citizens suffered greatly from the war's economic disruption, and guerilla conflict and factional tensions left a bitter legacy. Reconstruction was in many ways a continuation of the war as the prewar elite fought to regain economic and political power. In this, the fourth volume in the Histories of Arkansas series, Thomas DeBlack not only describes the major players and events in this dramatic and painful story, but also explores the experiences of ordinary people. Although the historical evidence is complex—and much of the secondary literature is extraordinarily partisan—DeBlack offers a balanced, vivid overview of the state's most tumultuous period.

Vidarian Rulorat, called the Tesseract, a powerful magic-user whose abilities spread across multiple elements, finds himself at war with the Alorean Import Company, a powerful cabal of merchants wealthy enough to buy nations. By opening the gate between worlds, Vidarian released the Starhunter, goddess of chaos. With her coming, wild magic returned to the world of Andovar, bringing with it shape-changers and strange awakened elemental technologies, including many-sailed ships powered by air magic, and mechanical automata lit from within by earth and fire. Now, Vidarian discovers that the Alorean Import Company is determined to eliminate two-thirds of this new life on Andovar in the hopes of hoarding more magic for themselves in a new, worldwide plutocracy. Along with his human, gryphon, and shapechanger allies, he must stop the Company if he is to safeguard any future for the diverse life of Andovar, including his and Ariadel's newborn daughter. With the existence of whole species hanging in the balance, Vidarian is locked in a race for the future of the world.

The Seeker of Truth takes his rightful place as the new ruler of D'Hara in the 3rd novel of the #1 New York Times bestselling author's epic fantasy series. After escaping from the Palace of Prophets, Richard comes to terms with his true identity as a War Wizard. But when he brings down the barrier between the Old and New Worlds, the Imperial Order suddenly poses a threat to the the freedom of all humankind. As the Imperial Order sends delegations and armies into the New World, Richard's only chance to stop the invasion is to claim his heritage as the new Lord Rahl and ruler of D'Hara. But convincing the D'Harans of his legitimacy won't be easy. Meanwhile, a powerful enemy is on the trail of Richard's love, Kahlan Amnell. And when the spell Richard cast to protect her is broken, he must martial his newfound authority—and the armies that come with it—to save her life.

Eleanor Hope finds herself transported back to twelfth-century Britain, where she is called upon to restore the rightful king to his throne

On June 17, 1775, the entire dynamic of the newborn American Revolution was changed. If the Battle of Lexington and Concord was, in the immortal words of Ralph Waldo Emerson, the "shot heard round the world," Bunker Hill was the volley that rocked Britain's Parliament and the ministry of King George III to its core. The Battle of Bunker Hill was the first hostile engagement of the Revolution between two organized armies, and the first time that a genuine American army had ever taken the field. It gave the British their first inkling that the Colonial rabble-in-arms they had envisioned might actually prove to be a formidable fighting force. In this book, award-winning author James L. Nelson tells the exciting and dramatic story of the fight that changed the face of the American Revolution. He looks at the events leading up to that fateful day, the personalities on both the British and American sides who made momentous decisions, and the bloody outcome of those crucial choices, which would affect the British strategy on the battlefield throughout the coming six more years of active warfare. A masterful new history of the first set-piece battle of the Revolutionary War, *With Fire and Sword* offers critical new insights into one of the most important actions of our country's founding.

When the Phoenix Prince of Heaven meets a Demon Prince of Hell, it can only end in fire. Fate ties Li Rong and Tang Yu together. Both cursed by the actions of the other's clan, they are doomed to walk the world alone. Meeting, realising that in each other they might find restitution - that's the easy part. Surviving the families who can't let the past go and a necromancer with a mystifying agenda? That will take a miracle.

FIRE AND SWORD is the unputdownable third novel in Simon Scarrow's bestselling Wellington and Napoleon Quartet. A must read for fans of Robert Harris. 1804. Napoleon Bonaparte is Emperor of France, his ultimate aim: to rule Europe. After defeat at the Battle of Trafalgar, he wins a glorious victory against Austria at Austerlitz. He then deposes the Spanish king and places his own brother on the throne. But he is yet to triumph over his most hated enemy: Great Britain. Arthur Wellesley (the future Duke of Wellington) throws himself into the British campaign in Europe. After glory in Portugal, he commands the army in a series of triumphant battles across Spain. For those living reluctantly under French rule, his victories suggest that Napoleon's progress is not inexorable: freedom can be restored...

"An unforgettable tale brimming with suspense, action and dragons." - *Through the Ashes* will thrill fans of *The Gender Game*, *Divergent* & *The Hunger Games*. Defenseless. Alone. Betrayed. Bells is a poor fae who works on a farm outside the protections of the dragon city. When her family is attacked by trolls, she goes to the one person she knows can help her. But will he? Peace. Death. Enough. The dragons brought peace to the city and the surrounding area when they rose. Jaekob believes there is no reason for further dragon involvement. They've lost enough lives to this cause. They've done their fair share and owe the world nothing more. But when the dark elves infect his city with a virus unlike anything he's ever seen, he knows they need a solution. Now. The sword of peace. Myth? Reality? They're about to find out. Book 1: *Sword of Fire* Book 2: *Embers of Darkness* Book 3: *Blaze of Magic* Book 4: *Spark of War*
