A collection of stories that hint that the world is not always what it seems features "Night Owls," wherein a college student's crush on her acting partner is complicated by the fact that she is half-vampire.

An acclaimed novel by the author of The Mistress of Spices, and Before We Visit the Goddess. Jhumpa Lahiri praises: "One Amazing Thing collapses the walls dividing characters and cultures; what endures is a chorus of voices in one single room." Late afternoon sun sneaks through the windows of a passport and visa office in an unnamed American city. Most customers and even most office workers have come and gone, but nine people remain. A punky teenager with an unexpected gift. An upper-class Caucasian couple whose relationship is disintegrating. A young Muslim-American man struggling with the fallout of 9/11. A graduate student haunted by a question about love. An African-American ex-soldier searching for redemption. A Chinese grandmother with a secret past. And two visa office workers on the verge of an adulterous affair. When an earthquake rips through the afternoon lull, trapping these nine characters together, their focus first jolts to their collective struggle to survive. There's little food. The office begins to flood. Then, at a moment when the psychological and emotional stress seems nearly too much for them to bear, the young graduate student suggests that each tell a personal tale, "one amazing thing" from their lives, which they have never told anyone before. And as their surprising stories of romance, marriage, family, political upheaval, and self-discovery unfold against the urgency of their life-or-death circumstances, the novel proves the transcendent power of stories and the meaningfulness of human expression itself. From Chitra Divakaruni, author of such finely wrought, bestselling novels as Sister of My Heart, The Palace of Illusions, and The Mistress of Spices, comes her most compelling and transporting story to date. One Amazing Thing is a passionate creation about survival--and about the reasons to survive.

The Palace of Illusions takes us back to a time that is half-history, half-myth, and wholly magical; narrated by Panchaali, the wife of the five Pandava brothers, we are -- finally -- given a woman's take on the timeless tale that is the Mahabharata Tracing Panchaali's life -- from fiery birth and lonely childhood, where her beloved brother is her only true companion; through her complicated friendship with the enigmatic Krishna; to marriage, motherhood and Panchaali's secret attraction to the mysterious man who is her husbands' most dangerous enemy -- The Palace of Illusions is a deeply human novel about a woman born into a man's world -- a world of warriors, gods and the ever manipulating hands of fate. [A mythic tale brimming with warriors, magic and treachery] Los Angeles Times [A radiant entree into an ancient mythology . . . Charming and remarkable] Houston Chronicle [A woman's look at crime and punishment, loyalty, promises, love and vengeance . . . With The Palace of Illusions, Divakaruni has proven that her storytelling talents put her right up there with the best] Miami Herald

Panchaali, wife of the five legendary Pandavas brothers, offers her own version of the ancient Indian epic, The Mahabharat, as she chronicles the story of her magical birth, the problems of dealing with five husbands who have been cheated out of their birthright, the trials she endures, her friendship with Krishna, and her attraction to her husband's enemy. Reprint. 30,000 first printing.

After a year of living separate lives, Anju is reunited with Sudha in America and they must deal with establishing new relationships with their families in India and with men and women outside the Indian immigrant community.

In this collection, gifted poet and novelist Kim Addonizio uses her literary powers to bring to life a variety of settings, all connected through the suggestion that things in the known world are not what they seem. In "Beautiful Lady of the Snow," young Annabelle turns to a host of family pets to combat the alienation she feels caught between her distracted mother and ailing grandfather; in "Night Owls," a young college student's crush on her acting partner is complicated by the bloodlust of being half-vampire; in "Cancer Poems," a dying woman turns to a poetry workshop to make sense of her terminal diagnosis and final days; in "Intuition," a young girl's sexual forays bring her closer to her best friend's father; and in the collection's title story, a photographer looks back to his youth spent as a young illusionist under the big tent and his obsessive affair with the carnival owner's wife. Distracted parents, first love, the twin forces of alienation and isolation: the characters in The Palace of Illusions all must contend with these challenges, trafficking in the fault lines between the real and the imaginary, often in a world not of their making. The stories in this collection have appeared in journals ranging from Narrative Magazine to The Fairy Tale Review, and include the much loved "Ever After," which was featured on NPR's "Selected Shorts."

From the award-winning author of Mistress of Spices, the bestselling novel about the extraordinary bond between two women, and the family secrets and romantic jealousies that threaten to tear them apart. Anju is the daughter of an upper-caste Calcutta family of distinction. Her cousin Sudha is the daughter of the black sheep of that same family. Sudha is startlingly beautiful; Anju is not. Despite those differences, since the day on which the two girls were born, the same day their fathers died--mysteriously and violently--Sudha and Anju have been sisters of the heart. Bonded in ways even their mothers cannot comprehend, the two girls grow into womanhood as if their fates as well as their hearts were merged. But, when Sudha learns a dark family secret, that connection is shattered. For the first time in their lives, the girls know what it is to feel suspicion and distrust. Urged into arranged marriages, Sudha and Anju's lives take opposite turns. Sudha becomes the dutiful daughter-in-law of a rigid small-town household. Anju goes to America with her new husband and learns to live her own life of secrets. When tragedy strikes each of them, however, they discover that despite distance and marriage, they have only each other to turn to. Set in the two worlds of San Francisco and India, this exceptionally moving novel tells a story at once familiar and exotic, seducing readers from the first page with the lush prose we have come to expect from Divakaruni. Sister of My Heart is a novel destined to become as widely beloved as it is acclaimed.

In nine poignant stories spiked with humor and intelligence, Chitra Banerjee Divakaruni captures lives at crossroad moments[caught between past and present, home and abroad, tradition and fresh experience. A widow in California, recently arrived from India, struggles to adapt to a world in which neighbors are strangers and her domestic skills are deemed superfluous in the award-winning [Mrs. Dutta Writes a Letter.] In [The Intelligence of Wild Things,] a woman from Sacramento visits her brother in Vermont to inform him that back in Calcutta their mother is dying. And in the title story, a painter looks to ancient myth and the example of her grandmother for help in navigating her first real crisis of faith. Knowing, compassionate and expertly rendered, the stories in The Unknown Errors of Our Lives depict the eternal struggle to find a balance between the pull of home and the allure of change.

The Ramayana, one of the world's greatest epics, is also a tragic love story. In this brilliant retelling, Chitra Banerjee Divakaruni places Sita at the centre of the novel: this is Sita's version. The Forest of Enchantments is also a very human story of some of the other women in the epic, often misunderstood and relegated to the margins: Kaikeyi, Surpanakha, Mandodari. A powerful comment on duty, betrayal, infidelity and honour, it is also about women's struggle to retain autonomy in a world that privileges men, as Chitra transforms an ancient story into a gripping, contemporary battle of wills. While the Ramayana resonates even today, she makes it more relevant than ever, in the underlying questions in the novel: How should women be treated by their loved ones? What are their rights in a relationship? When does a woman need to stand up and say, 'Enough!'

A classic work of magical realism, this bestselling novel by Chitra Banerjee Divakaruni tells the story of Tilo, a young woman from another time who has a gift for the mystical art of spices. Now immortal, and living in the gnarled and arthritic body of an old woman, Tilo has set up shop in Oakland, California, where she administers curatives to her customers. But when she's surprised by an unexpected romance with a handsome stranger, she must choose between everlasting life and the vicissitudes of modern society. Spellbinding and hypnotizing, The Mistress of Spices is a tale of joy, sorrow, and one special woman's magical powers.
