"One of th' gardens is locked up. No one has been in it for ten years." When orphaned Mary Lennox comes to live at her uncle's great house on the Yorkshire Moors, she finds it full of mysterious secrets. There are nearly one hundred rooms, most of which are locked, and the house is filled with creepy old portraits and suits of armor. Mary rarely sees her uncle, and perhaps most unsettling of all is that at night she hears the sound of someone crying down one of the long corridors. The gardens surrounding the odd property are Mary's escape and she explores every inch of them—all except for the mysterious walled-in, locked garden. Then one day, Mary discovers a key. Could it open the door to the garden?

Frances Hodgson Burnett gained fame not only as an author of social fictions and romances but also for writing the immensely popular children's novel *Little Lord Fauntleroy*. She seemed an unlikely candidate to pen a quiet, realistic, and unsentimental paean to disagreeable children and the natural world, which has the power to heal them. But it is precisely these qualities that have garnered *The Secret Garden* both a continued audience and a central place in the canon of children's literature for a century. In *Frances Hodgson Burnett's The Secret Garden: A Children's Classic at 100*, some of the most respected scholars of children's

literature consider Burnett's seminal work from modern critical perspectives. Contributors examine the works and authors that influenced Burnett, identify authors who have drawn on *The Secret Garden* in their writing, and situate the novel in historical and theoretical contexts. These essays push beyond the themes that have tended to occupy the majority of academic scholars who have written about *The Secret Garden* to date. In doing so, they approach the text from theoretical perspectives that allow new light to illuminate old debates. Scholars and students of children's literature, women's literature, transcontinental literature, and the Victorian/Edwardian period will find in this collection refreshing new looks at a children's classic.
